

Aeronautics and Space Administration, or of the Department of Energy that functions primarily as a research laboratory may respond to solicitations and announcements under programs authorized by the Federal Government for the purpose of promoting the research, development, demonstration, or transfer of technology in a manner consistent with the terms and conditions of such program.

“(B) A federally funded research and development center of the Department of Energy described in subparagraph (A) may respond to solicitations and announcements described in that subparagraph only for activities conducted by the center under contract with or on behalf of the Department of Defense.

“(C) A federally funded research and development center of the National Aeronautics and Space Administration that functions primarily as a research laboratory may respond to broad agency announcements under programs authorized by the Federal Government for the purpose of promoting the research, development, demonstration, or transfer of technology in a manner consistent with the terms and conditions of such program.

“(2) A federally funded research and development center described in paragraph (1)(A) that responds to a solicitation or announcement described in such paragraph shall not be considered to be engaging in a competitive procedure and may use, among other authorities, cooperative research and development agreements provided for under section 12 of the Stevenson-Wydler Technology Innovation Act of 1980 (15 U.S.C. 3710a)) [sic] as the instruments of participation in the solicitation or announcement.”

### **§ 3716. Critical industries**

#### **(a) Identification of industries and development of plan**

The Secretary shall—

(1) identify those civilian industries in the United States that are necessary to support a robust manufacturing infrastructure and critical to the economic security of the United States; and

(2) list the major research and development initiatives being undertaken, and the substantial investments being made, by the Federal Government, including its research laboratories, in each of the critical industries identified under paragraph (1).

#### **(b) Initial report**

The Secretary shall submit a report to the Congress within 1 year after February 14, 1992, on the actions taken under subsection (a) of this section.

(Pub. L. 102–245, title V, § 504, Feb. 14, 1992, 106 Stat. 24.)

#### CODIFICATION

Subsec. (c) of this section, which required the Secretary to annually submit to Congress an update of the report submitted under subsec. (b) of this section, terminated, effective May 15, 2000, pursuant to section 3003 of Pub. L. 104–66, as amended, set out as a note under section 1113 of Title 31, Money and Finance. See, also, page 52 of House Document No. 103–7.

Section was enacted as part of the American Technology Preeminence Act of 1991, and not as part of the Stevenson-Wydler Technology Innovation Act of 1980 which comprises this chapter.

### **§ 3717. National Quality Council**

#### **(a) Establishment and functions**

There is established a National Quality Council (hereafter in this section referred to as the

“Council”). The functions of the Council shall be—

(1) to establish national goals and priorities for Quality performance in business, education, government, and all other sectors of the Nation;

(2) to encourage and support the voluntary adoption of these goals and priorities by companies, unions, professional and business associations, coalition groups, and units of government, as well as private and nonprofit organizations;

(3) to arouse and maintain the interest of the people of the United States in Quality performance, and to encourage the adoption and institution of Quality performance methods by all corporations, government agencies, and other organizations; and

(4) to conduct a White House Conference on Quality Performance in the American Workplace that would bring together in a single forum national leaders in business, labor, education, professional societies, the media, government, and politics to address Quality performance as a means of improving United States competitiveness.

#### **(b) Membership**

The Council shall consist of not less than 17 or more than 20 members, appointed by the Secretary. Members shall include—

(1) at least 2 but not more than 3 representatives from manufacturing industry;

(2) at least 2 but not more than 3 representatives from service industry;

(3) at least 2 but not more than 3 representatives from national Quality not-for-profit organizations;

(4) two representatives from education, one with expertise in elementary and secondary education, and one with expertise in post-secondary education;

(5) one representative from labor;

(6) one representative from professional societies;

(7) one representative each from local and State government;

(8) one representative from the Federal Quality Institute;

(9) one representative from the National Institute of Standards and Technology;

(10) one representative from the Department of Defense;

(11) one representative from a civilian Federal agency not otherwise represented on the Council, to be rotated among such agencies every 2 years; and

(12) one representative from the Foundation for the Malcolm Baldrige National Quality Award.

#### **(c) Terms**

The term of office of each member of the Council appointed under paragraphs (1) through (7) of subsection (b) of this section shall be 2 years, except that when making the initial appointments under such paragraphs, the Secretary shall appoint not more than 50 percent of the members to 1 year terms. No member appointed under such paragraphs shall serve on the Council for more than 2 consecutive terms.
