SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1193, 1262, 2058 of this title; title 35 section 210.

§ 2055. Public disclosure of information

(a) Disclosure requirements for manufacturers or private labelers; procedures applicable

(1) Nothing contained in this Act shall be construed to require the release of any information described by subsection (b) of section 552 of title 5 or which is otherwise protected by law from disclosure to the public.

(2) All information reported to or otherwise obtained by the Commission or its representative under this Act which information contains or relates to a trade secret or other matter referred to in section 1905 of title 18 or subject to section 552(b)(4) of title 5 shall be considered confidential and shall not be disclosed.

(3) The Commission shall, prior to the disclosure of any information which will permit the public to ascertain readily the identity of a manufacturer or private labeler of a consumer product, offer such manufacturer or private labeler an opportunity to mark such information as confidential and therefore barred from disclosure under paragraph (2).

(4) All information that a manufacturer or private labeler has marked to be confidential and barred from disclosure under paragraph (2), either at the time of submission or pursuant to paragraph (3), shall not be disclosed, except in accordance with the procedures established in paragraphs (5) and (6).

(5) If the Commission determines that a document marked as confidential by a manufacturer or private labeler to be barred from disclosure under paragraph (2) may be disclosed because it is not confidential information as provided in paragraph (2), the Commission shall notify such person in writing that the Commission intends to disclose such document at a date not less than 10 days after the date of receipt of notification.

(6) Any person receiving such notification may, if he believes such disclosure is barred by paragraph (2), before the date set for release of the document, bring an action in the district court of the United States in the district in which the complainant resides, or has his principal place or business, or in which the documents are located, or in the United States District Court for the District of Columbia to restrain disclosure of the document. Any person receiving such notification may file with the appropriate district court or court of appeals of the United States, as appropriate, an application for a stay of disclosure. The documents shall not be disclosed until the court has ruled on the application for a stay.

(7) Nothing in this Act shall authorize the withholding of information by the Commission or any officer or employee under its control from the duly authorized committees or sub-

committees of the Congress, and the provisions of paragraphs (2) through (6) shall not apply to such disclosures, except that the Commission shall immediately notify the manufacturer or private labeler of any such request for information designated as confidential by the manufacturer or private labeler.

(8) The provisions of paragraphs (2) through (6) shall not prohibit the disclosure of information to other officers, employees, or representatives of the Commission (including contractors) concerned with carrying out this Act or when relevant in any administrative proceeding under this Act or in judicial proceedings to which the Commission is a party. Any disclosure of relevant information—

(A) in Commission administrative proceedings or in judicial proceedings to which the Commission is a party, or

(B) to representatives of the Commission (including contractors),

shall be governed by the rules of the Commission (including in camera review rules for confidential material) for such proceedings or for disclosures to such representatives or by court rules or orders, except that the rules of the Commission shall not be amended in a manner inconsistent with the purposes of this section.

(b) Additional disclosure requirements for manufacturers or private labelers; procedures applicable

(1) Except as provided by paragraph (4) of this subsection, not less than 30 days prior to its public disclosure of any information obtained under this Act, or to be disclosed to the public in connection therewith (unless the Commission finds that the public health and safety requires a lesser period of notice and publishes such a finding in the Federal Register), the Commission shall, to the extent practicable, notify and provide a summary of the information to, each manufacturer or private labeler of any consumer product to which such information pertains, in the manner in which such consumer product is to be designated or described in such information will permit the public to ascertain readily the identity of such manufacturer or private labeler, and shall provide such manufacturer or private labeler with a reasonable opportunity to submit comments to the Commission in regard to such information. The Commission shall take reasonable steps to assure, prior to its public disclosure thereof, that information from which the identity of such manufacturer or private labeler may be readily ascertained is accurate, and that such disclosure is fair in the circumstances and reasonably related to effectuating the purposes of this Act. In disclosing any information under this subsection, the Commission may, and upon the request of the manufacturer or private labeler shall, include with the disclosure any comments or other information or a summary thereof submitted by such manufacturer or private labeler to the extent permitted by and subject to the requirements of this section.

(2) If the Commission determines that a document claimed to be inaccurate by a manufacturer or private labeler under paragraph (1) should be disclosed because the Commission be-

lieves it has complied with paragraph (1), the Commission shall notify the manufacturer or private labeler that the Commission intends to disclose such document at a date not less than 10 days after the date of the receipt of notification. The Commission may provide a lesser period of notice of intent to disclose if the Commission finds that the public health and safety requires a lesser period of notice and publishes such finding in the Federal Register.

(3) Prior to the date set for release of the document, the manufacturer or private labeler receiving the notice described in paragraph (2) may bring an action in the district court of the United States in the district in which the complainant resides, or has his principal place of business, or in which the documents are located or in the United States District Court for the District of Columbia to enjoin disclosure of the document. The district court may enjoin such disclosure if the Commission has failed to take the reasonable steps prescribed in paragraph (1).

(4) Paragraphs (1) through (3) of this subsection shall not apply to the public disclosure of (A) information about any consumer product with respect to which product the Commission has filed an action under section 2061 of this title (relating to imminently hazardous products), or which the Commission has reasonable cause to believe is in violation of section 2068 of this title (relating to prohibited acts); or (B) information in the course of or concerning a rulemaking proceeding (which shall commence upon the publication of an advance notice of proposed rulemaking or a notice of proposed rulemaking), an adjudicatory proceeding (which shall commence upon the issuance of a complaint) or other administrative or judicial proceeding under this Act.

(5) In addition to the requirements of paragraph (1), the Commission shall not disclose to the public information submitted pursuant to section 2064(b) of this title respecting a consumer product unless—

(A) the Commission has issued a complaint under section 2064(c) or (d) of this title alleging that such product presents a substantial product hazard;

(B) in lieu of proceeding against such product under section 2064(c) or (d) of this title, the Commission has accepted in writing a remedial settlement agreement dealing with such product; or

(C) the person who submitted the information under section 2064(b) of this title agrees to its public disclosure.

The provisions of this paragraph shall not apply to the public disclosure of information with respect to a consumer product which is the subject of an action brought under section 2061 of this title, or which the Commission has reasonable cause to believe is in violation of section 2068(a) of this title, or information in the course of or concerning a judicial proceeding.

(6) Where the Commission initiates the public disclosure of information that reflects on the safety of a consumer product or class of consumer products, whether or not such information would enable the public to ascertain readily the identity of a manufacturer or private labeler, the Commission shall establish procedures

designed to ensure that such information is accurate and not misleading.

(7) If the Commission finds that, in the administration of this Act, it has made public disclosure of inaccurate or misleading information which reflects adversely upon the safety of any consumer product or class of consumer products, or the practices of any manufacturer, private labeler, distributor, or retailer of consumer products, it shall, in a manner equivalent to that in which such disclosure was made, take reasonable steps to publish a retraction of such inaccurate or misleading information.

(8) If, after the commencement of a rule-making or the initiation of an adjudicatory proceeding, the Commission decides to terminate the proceeding before taking final action, the Commission shall, in a manner equivalent to that in which such commencement or initiation was publicized, take reasonable steps to make known the decision to terminate.

(c) Communications with manufacturers

The Commission shall communicate to each manufacturer of a consumer product, insofar as may be practicable, information as to any significant risk of injury associated with such product.

(d) “Act” defined; coverage

(2) The provisions of this section shall apply whenever information is to be disclosed by the Commission, any member of the Commission, or any employee, agent, or representative of the Commission in an official capacity.

(e) Disclosure of information regarding civil actions involving consumer product alleged to have caused death or injury

(1) Notwithstanding the provisions of section 552 of title 5, subsection (a)(7) of this section, or of any other law, except as provided in paragraphs (2), (3), and (4), no member of the Commission, no officer or employee of the Commission, and no officer or employee of the Department of Justice may—

(A) publicly disclose information furnished under subsection (c)(1) or (c)(2)(A) of section 2084 of this title;

(B) use such information for any purpose other than to carry out the Commission’s responsibilities; or

(C) permit anyone (other than the members, officers, and employees of the Commission or officers or employees of the Department of Justice who require such information for an action filed on behalf of the Commission) to examine such information.

(2) Any report furnished under subsection (c)(1) or (c)(2)(A) of section 2084 of this title shall be immune from legal process and shall not be subject to subpoena or other discovery in any civil action in a State or Federal court or in any administrative proceeding, except in an action against such manufacturer under section 2069,

2070, or 2071 of this title for failure to furnish information required by section 2084 of this title.

(3) The Commission may, upon written request, furnish to any manufacturer or to the authorized agent of such manufacturer authenticated copies of reports furnished by or on behalf of such manufacturer in accordance with section 2084 of this title, upon payment of the actual or estimated cost of searching the records and furnishing such copies.

(4) Upon written request of the Chairman or Ranking Minority Member of the Committee on Commerce, Science, and Transportation of the Senate or the Committee on Energy and Commerce of the House of Representatives or any subcommittee of such committee, the Commission shall provide to the Chairman or Ranking Minority Member any information furnished to the Commission under section 2084 of this title for purposes that are related to the jurisdiction of such committee or subcommittee.

(5) Any officer or employee of the Commission or other officer or employee of the Federal Government who receives information provided under section 2084 of this title, who willfully violates the requirements of this subsection shall be subject to dismissal or other appropriate disciplinary action consistent with procedures and requirements established by the Office of Personnel Management.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 2074, 2077, 2078 of this title.

§ 2056. Consumer product safety standards

(a) Types of requirements

The Commission may promulgate consumer product safety standards in accordance with the provisions of section 2058 of this title. A consumer product safety standard shall consist of one or more of any of the following types of requirements:

(1) Requirements expressed in terms of performance requirements.

(2) Requirements that a consumer product be marked with or accompanied by clear and adequate warnings or instructions, or requirements respecting the form of warnings or instructions.

Any requirement of such a standard shall be reasonably necessary to prevent or reduce an unreasonable risk of injury associated with such product.

(b) Reliance of Commission upon voluntary standards

(1) The Commission shall rely upon voluntary consumer product safety standards rather than promulgate a consumer product safety standard prescribing requirements described in subsection (a) of this section whenever compliance with such voluntary standards would eliminate or adequately reduce the risk of injury addressed and it is likely that there will be substantial compliance with such voluntary standards.

(2) The Commission shall devise procedures to monitor compliance with any voluntary standards—

(A) upon which the Commission has relied under paragraph (1);

(B) which were developed with the participation of the Commission; or

(C) whose development the Commission has monitored.

(c) Contribution of Commission to development cost

If any person participates with the Commission in the development of a consumer product safety standard, the Commission may agree to contribute to the person's cost with respect to such participation, in any case in which the Commission determines that such contribution is likely to result in a more satisfactory standard than would be developed without such contribution, and that the person is financially responsible. Regulations of the Commission shall set forth the items of cost in which it may participate, and shall exclude any contribution to the acquisition of land or buildings. Payments
