

(A) the capability to develop environmental education and training programs;

(B) the capability to deliver training to a range of participants and in a range of settings;

(C) the expertise of the staff in a range of appropriate disciplines;

(D) the relative economic effectiveness of the program in terms of the ratio of overhead costs to direct services;

(E) the capability to make effective use of existing national environmental education resources and programs;

(F) the results of any evaluation under paragraph (5) of this subsection; and

(G) such other factors as the Administrator deems appropriate.

(4) No funds made available to carry out this section shall be used for the acquisition of real property (including buildings) or the construction or substantial modification of any building.

(5) The Administrator shall establish procedures for a careful and detailed review and evaluation of the environmental education and training program to determine whether the quality of the program being operated by the grantee warrants continued support under this section.

(d) Eligibility

(1) Individuals eligible for participation in the program are teachers, faculty, administrators and related support staff associated with local education agencies, colleges, and universities, employees of State education, environmental protection, and natural resource departments, and employees of not-for-profit organizations involved in environmental education activities and issues.

(2) Individuals shall be selected for participation in the program based on applications which shall be in such form as the Administrator determines to be appropriate.

(3) In selecting individuals to participate in the program, the Administrator shall provide for a wide geographic representation and a mix of individuals, including minorities, working at primary, secondary, postsecondary levels, and with appropriate other agencies and departments.

(4) Individuals selected for participation in the program may be provided with a stipend to cover travel and accommodations from grant funds awarded pursuant to this section in such amounts as the Administrator determines to be appropriate.

(Pub. L. 101-619, § 5, Nov. 16, 1990, 104 Stat. 3328.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 5503 of this title.

§ 5505. Environmental education grants

(a) Cooperative agreements and grants

The Administrator may enter into a cooperative agreement or contract, or provide financial assistance in the form of a grant, to support projects to design, demonstrate, or disseminate practices, methods, or techniques related to environmental education and training.

(b) Eligible activities

Activities eligible for grant support pursuant to this section shall include, but not be limited

to, environmental education and training programs for—

(1) design, demonstration, or dissemination of environmental curricula, including development of educational tools and materials;

(2) design and demonstration of field methods, practices, and techniques, including assessment of environmental and ecological conditions and analysis of environmental pollution problems;

(3) projects to understand and assess a specific environmental issue or a specific environmental problem;

(4) provision of training or related education for teachers, faculty, or related personnel in a specific geographic area or region; and

(5) design and demonstration of projects to foster international cooperation in addressing environmental issues and problems involving the United States and Canada or Mexico.

(c) Priority projects

In making grants pursuant to this section, the Administrator shall give priority to those proposed projects which will develop—

(1) a new or significantly improved environmental education practice, method, or technique;

(2) an environmental education practice, method, or technique which may have wide application;

(3) an environmental education practice, method, or technique which addresses a skill or scientific field identified as a priority in the report developed pursuant to section 5508(d) of this title; and

(4) an environmental education practice, method, or technique which addresses an environmental issue which, in the judgment of the Administrator, is of a high priority.

(d) Scope of program and implementing regulations

The program established by this section shall include solicitations for projects, selection of suitable projects from among those proposed, supervision of such projects, evaluation of the results of projects, and dissemination of information on the effectiveness and feasibility of the practices, methods, techniques and processes. Within one year of November 16, 1990, the Administrator shall publish regulations to assure satisfactory implementation of each element of the program authorized by this section.

(e) Solicitation notices

Within 90 days after the date on which amounts are first appropriated for carrying out this chapter, and each year thereafter, the Administrator shall publish a solicitation for environmental education grants. The solicitation notice shall prescribe the information to be included in the proposal and other information sufficient to permit the Administrator to assess the project.

(f) Applications

Any local education agency, college or university, State education agency or environmental agency, not-for-profit organization, or non-commercial educational broadcasting entity may submit an application to the Administrator

in response to the solicitations required by subsection (e) of this section.

(g) Performance of projects

Each project under this section shall be performed by the applicant, or by a person satisfactory to the applicant and the Administrator.

(h) Matching requirements

Federal funds for any demonstration project under this section shall not exceed 75 percent of the total cost of such project. For the purposes of this section, the non-Federal share of project costs may be provided by inkind contributions and other noncash support. In cases where the Administrator determines that a proposed project merits support and cannot be undertaken without a higher rate of Federal support, the Administrator may approve grants under this section with a matching requirement other than that specified in this subsection, including full Federal funding.

(i) Limitations on grants

Grants under this section shall not exceed \$250,000. In addition, 25 percent of all funds obligated under this section in a fiscal year shall be for grants of not more than \$5,000.

(Pub. L. 101-619, § 6, Nov. 16, 1990, 104 Stat. 3330.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 5503 of this title.

§ 5506. Environmental internships and fellowships

(a) Postsecondary students and in-service teachers

The Administrator shall, in consultation with the Office of Personnel Management and other appropriate Federal agencies, provide for internships by postsecondary level students and fellowships for in-service teachers with agencies of the Federal Government.

(b) Purpose

The purpose of internships and fellowships pursuant to this section shall be to provide college level students and in-service teachers with an opportunity to work with professional staff of Federal agencies involved in environmental issues and thereby gain an understanding and appreciation of such issues and the skills and abilities appropriate to such professions.

(c) Minimum number of internships and fellowships

The Administrator shall, to the extent practicable, support not less than 250 internships each year and not less than 50 fellowships each year.

(d) Management of programs; eligible agencies

The internship and fellowship programs shall be managed by the Office of Environmental Education. Interns and fellows may serve in appropriate agencies of the Federal Government including, but not limited to, the Environmental Protection Agency, the Fish and Wildlife Service, the National Oceanic and Atmospheric Administration, the Council on Environmental Quality, Federal natural resource management agencies, the Department of Agriculture, and the National Science Foundation.

(e) Length of internships and fellowships; funding

Interns shall be hired on a temporary, full-time basis for not to exceed 6 months and shall be compensated appropriately. Fellows shall be hired on a temporary full-time basis for not to exceed 12 months and shall be compensated appropriately. Federal agencies hiring interns shall provide the funds necessary to support salaries and related costs.

(f) Eligible individuals

(1) Individuals eligible for participation in the internship program are students enrolled at accredited colleges or universities who have successfully completed not less than four courses or the equivalent in environmental sciences or studies, as determined by the Administrator.

(2) Individuals eligible for participation in the fellowship program are in-service teachers who are currently employed by a local education agency and have not less than 2 years experience in teaching environmental education, environmental sciences, or related courses.

(g) Applications

Individuals shall be selected for internships and fellowships based on applications which shall be in such form as the Administrator considers appropriate.

(h) Geographic, cultural, and minority representation

In selecting individuals for internships and fellowships, the Administrator shall provide for wide geographic, cultural, and minority representation.

(Pub. L. 101-619, § 7, Nov. 16, 1990, 104 Stat. 3331.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 5503 of this title.

§ 5507. Environmental education awards

(a) National awards

The Administrator shall provide for a series of national awards recognizing outstanding contributions to environmental education.

(b) Required awards

In addition to such other awards as the Administrator may provide for, national environmental awards shall include—

(1) The “Theodore Roosevelt Award” to be given in recognition of an outstanding career in environmental education, teaching, or administration;

(2) The “Henry David Thoreau Award” to be given in recognition of an outstanding contribution to literature on the natural environment and environmental pollution problems;

(3) The “Rachael Carson Award” to be given in recognition of an outstanding contribution in print, film, or broadcast media to public education and information on environmental issues or problems; and

(4) The “Gifford Pinchot Award” to be given in recognition of an outstanding contribution to education and training concerning forestry and natural resource management, including multiple use and sustained yield land management.
