This section is referred to in sections 2295a, 2295b, 5605 of this title.

§ 5605. Sanctions against use of chemical or biological weapons

(5) Exports of national security-sensitive goods and technology

The authorities of section 2405 of title 50, Appendix, shall be used to prohibit the export

to that country of any goods or technology on that part of the control list established under section 2404(c)(1) of title 50, Appendix.

(b) Additional sanctions if certain conditions not met

(1) Presidential determination

Unless, within 3 months after making a determination pursuant to section 5604(a)(1) of this title with respect to a foreign government, the President determines and certifies in writing to the Congress that—

(A) that government is no longer using chemical or biological weapons in violation of international law or using lethal chemical or biological weapons against its own nationals,

(B) that government has provided reliable assurances that it will not in the future engage in any such activities, and

(C) that government is willing to allow on-site inspections by United Nations observers or other internationally recognized, impartial observers, or other reliable means exist, to ensure that that government is not using chemical or biological weapons in violation of international law and is not using lethal chemical or biological weapons against its own nationals,

then the President, after consultation with the Congress, shall impose on that country the sanctions set forth in at least 3 of subparagraphs (A) through (F) of paragraph (2).

(2) Sanctions

The sanctions referred to in paragraph (1) are the following:

which the President has made a determination pursuant to section 5604(a)(1) of this title of his intention to suspend the authority of foreign air carriers owned or controlled by the government of that country to engage in foreign air transportation to or from the United States.

(II) Within 10 days after the date of notification of a government under subclause (I), the Secretary of Transportation shall take all steps necessary to suspend at the earliest possible date the authority of any foreign air carrier owned or controlled, directly or indirectly, by that government to engage in foreign air transportation to or from the United States, notwithstanding any agreement relating to air services.

(ii)(I) The President may direct the Secretary of State to terminate any air service agreement between the United States and a country with respect to which the President has made a determination pursuant to section 5604(a)(1) of this title, in accordance with the provisions of that agreement.

(II) Upon termination of an agreement under this clause, the Secretary of Transportation shall take such steps as may be necessary to revoke at the earliest possible date the right of any foreign air carrier owned, or controlled, directly or indirectly, by the government of that country to engage in foreign air transportation to or from the United States.

(iii) The Secretary of Transportation may provide for such exceptions from clauses (i) and (ii) as the Secretary considers necessary to provide for emergencies in which the safety of an aircraft or its crew or passengers is threatened.

(iv) For purposes of this subparagraph, the terms “air transportation”, “air carrier”, “foreign air carrier”, and “foreign air transportation” have the meanings such terms have under section 40102(a) of title 49.

(c) Removal of sanctions

The President shall remove the sanctions imposed with respect to a country pursuant to this section if the President determines and so certifies to the Congress, after the end of the 12-month period beginning on the date on which sanctions were initially imposed on that country pursuant to subsection (a) of this section, that—

(1) the government of that country has provided reliable assurances that it will not use chemical or biological weapons in violation of international law and will not use lethal chemical or biological weapons against its own nationals;

(2) that government is not making preparations to use chemical or biological weapons in violation of international law or to use lethal chemical or biological weapons against its own nationals;

(3) that government is willing to allow on-site inspections by United Nations observers or other internationally recognized, impartial observers to verify that it is not making preparations to use chemical or biological weapons in violation of international law or to use le-

thal chemical or biological weapons against its own nationals, or other reliable means exist to verify that it is not making such preparations; and

(4) that government is making restitution to those affected by any use of chemical or biological weapons in violation of international law or by any use of lethal chemical or biological weapons against its own nationals.

(d) Waiver

(1) Criteria for waiver

The President may waive the application of any sanction imposed with respect to a country pursuant to this section—

(A) if—

(i) in the case of any sanction other than a sanction specified in subsection (b)(2)(D) of this section (relating to import restrictions) or (b)(2)(E) of this section (relating to the downgrading or suspension of diplomatic relations), the President determines and certifies to the Congress that such waiver is essential to the national security interests of the United States, and if the President notifies the Committee on Foreign Relations of the Senate and the Committee on Foreign Affairs of the House of Representatives of his determination and certification at least 15 days before the waiver takes effect, in accordance with the procedures applicable to reprogramming notifications under section 634A of the Foreign Assistance Act of 1961 [22 U.S.C. 2394-1], or

(ii) in the case of any sanction specified in subsection (b)(2)(D) of this section (relating to import restrictions), the President determines and certifies to the Congress that such waiver is essential to the national security interest of the United States, and if the President notifies the Committee on Finance of the Senate and the Committee on Ways and Means of the House of Representatives of his determination and certification at least 15 days before the waiver takes effect; or

(B) if the President determines and certifies to the Congress that there has been a fundamental change in the leadership and policies of the government of that country, and if the President notifies the Congress at least 20 days before the waiver takes effect.

(2) Report

In the event that the President decides to exercise the waiver authority provided in paragraph (1) with respect to a country, the President's notification to the Congress under such paragraph shall include a report fully articulating the rationale and circumstances which led the President to exercise that waiver authority, including a description of the steps which the government of that country has taken to satisfy the conditions set forth in paragraphs (1) through (4) of subsection (c) of this section.

(e) Contract sanctity

(1) Sanctions not applied to existing contracts

(A) A sanction described in paragraph (4) or (5) of subsection (a) of this section or in any of

subparagraphs (A) through (D) of subsection (b)(2) of this section shall not apply to any activity pursuant to any contract or international agreement entered into before the date of the presidential determination under section 5604(a)(1) of this title unless the President determines, on a case-by-case basis, that to apply such sanction to that activity would prevent the performance of a contract or agreement that would have the effect of assisting a country in using chemical or biological weapons in violation of international law or in using lethal chemical or biological weapons against its own nationals.

(B) The same restrictions of subsection (p) of section 2405 of title 50, Appendix, as that subsection is so redesignated by section 304(b) of this title, which are applicable to exports prohibited under section 2405 of title 50, Appendix, shall apply to exports prohibited under subsection (a)(5) or (b)(2)(C) of this section. For purposes of this subparagraph, any contract or agreement the performance of which (as determined by the President) would have the effect of assisting a foreign government in using chemical or biological weapons in violation of international law or in using lethal chemical or biological weapons against its own nationals shall be treated as constituting a breach of the peace that poses a serious and direct threat to the strategic interest of the United States, within the meaning of subparagraph (A) of section 2405(p) of title 50, Appendix.

(2) Sanctions applied to existing contracts

The sanctions described in paragraphs (1), (2), and (3) of subsection (a) of this section shall apply to contracts, agreements, and licenses without regard to the date the contract or agreement was entered into or the license was issued (as the case may be), except that such sanctions shall not apply to any contract or agreement entered into or license issued before the date of the presidential determination under section 5604(a)(1) of this title if the President determines that the application of such sanction would be detrimental to the national security interests of the United States.
