AMENDMENTS

1996—Subsec. (a). Pub. L. 104-273, §4(a), substituted “from persons who have entered into enforceable contracts to purchase an equivalent amount of crude helium from the Secretary” for “from the Secretary”.

Subsec. (b). Pub. L. 104-273, §4(b), inserted “crude” before “helium” and inserted at end “Except as may be required by reason of subsection (a) of this section, sales of crude helium under this section shall be in amounts as the Secretary determines, in consultation with the helium industry, necessary to carry out this subsection with minimum market disruption.”

Subsec. (c). Pub. L. 104-273, §4(c)(2), which directed the amendment of subsec. (c) by substituting “all funds required to be repaid to the United States as of October 1, 1995 under this section (referred to in this subsection as ‘repayable amounts’). The price at which crude helium is sold by the Secretary shall not be less than the amount determined by the Secretary by—” and pars. (1) and (2) for “together with interest as provided in

this subsection” and all that followed through the end of the subsec., was executed by making the substitution for language which read “together with interest as provided in subsection (d) of this section, the following:” along with former pars. (1) to (3), to reflect the probable intent of Congress. Prior to amendment, pars. (1) to (3) read as follows:

“(1) Within twenty-five years from September 13, 1960, the net capital and retained earnings of the helium production fund (established under section 164 of this title prior to amendment by the Helium Act Amendments of 1960), determined by the Secretary as of September 13, 1960, plus any moneys expended thereafter by the Department of the Interior from funds provided in the Supplemental Appropriation Act, 1959, for construction of a helium plant at Keyes, Oklahoma;

“(2) Within twenty-five years from the date of borrowing, all funds borrowed, as provided in section 167j of this chapter, to acquire and construct helium plants and facilities; and

“(3) Within twenty-five years from September 13, 1960, unless the Secretary determines that said period should be extended for not more than ten years, all funds borrowed, as provided in section 167j of this title for all purposes other than those specified in clause (2) above.”

Pub. L. 104-273, §4(c)(1), inserted “crude” after “Sales of”.

Subsec. (d). Pub. L. 104-273, §4(d), inserted heading and amended text generally. Prior to amendment, text read as follows: “Compound interest on the amounts specified in clauses (1), (2), and (3) of subsection (c) of this section which have not been paid to the Treasury shall be calculated annually at rates determined by the Secretary of the Treasury taking into consideration the current average market yields of outstanding marketable obligations of the United States having maturities comparable to the investments authorized by this chapter, except that the interest rate on the amounts specified in clause (1) of subsection (c) of this section shall be determined as of Sept. 13, 1960, and the interest rate on the obligations specified in clauses (2) and (3) of subsection (c) of this section as of the time of each borrowing.”

Subsecs. (e), (f). Pub. L. 104-273, §4(e), (f), redesignated subsec. (f) as (e)(1), added par. (2), and struck out former subsec. (e) which read as follows: “Helium shall be sold for medical purposes at prices which will permit its general use therefor; and all sales of helium to non-Federal purchasers shall be upon condition that the Federal Government shall have a right to repurchase helium so sold that has not been lost or dissipated, when needed for Government use, under terms and at prices established by regulations.”
