§ 7515. Allotment and delivery of commodities

(a) Mandatory allotments

In each fiscal year, the Secretary shall allot—

(1) 60 percent of the total value of additional commodities provided to States in a manner such that the value of additional commodities allocated to each State bears the same ratio to 60 percent of the total value of additional commodities as the number of persons in households within the State having incomes below the poverty line bears to the total number of persons in households within all States having incomes below such poverty line, and each State shall be entitled to receive such value of additional commodities; and

(2) 40 percent of the total value of additional commodities provided to States in a manner such that the value of additional commodities allocated to each State bears the same ratio to 40 percent of the total value of additional commodities as the average monthly number of unemployed persons within the State bears to the average monthly number of unemployed persons within all States during the same fiscal year, and each State shall be entitled to receive such value of additional commodities.

(b) Reallocation

The Secretary shall notify each State of the amount of the additional commodities that such State is allotted to receive under subsection (a) of this section, and each State shall promptly notify the Secretary if such State determines that it will not accept any or all of the commodities made available under such allocation. On such a notification by a State, the Secretary shall reallocate and distribute the amount the State was allocated to receive under the formula prescribed in subsection (a) of this section but declined to accept. The Secretary shall further establish procedures to permit States to decline to receive portions of such allocation during each fiscal year as the State determines is appropriate and the Secretary shall reallocate and distribute such allocation. In the event of any drought, flood, hurricane, or other natural disaster affecting substantial numbers of persons in a State, county or parish, the Secretary may request that States unaffected by such a disaster consider assisting affected States by allowing the Secretary to reallocate commodities to which each such unaffected State is entitled to States containing areas adversely affected by the disaster.
