SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 2012, 2012a of this title; title 42 section 4728.

§ 2020. Administration

(a) State responsibility; records, inspection, and audit

The State agency of each participating State shall assume responsibility for the certification of applicant households and for the issuance of coupons and the control and accountability thereof. There shall be kept such records as may be necessary to ascertain whether the program is being conducted in compliance with the provisions of this chapter and the regulations issued pursuant to this chapter. Such records shall be available for inspection and audit at any reasonable time and shall be preserved for such period of time, not less than three years, as may be specified in the regulations issued pursuant to this chapter.

(b) Correction of improper denials and under-issuances

When a State agency learns, through its own reviews under section 2025 of this title or other reviews, or through other sources, that it has improperly denied, terminated, or underissued

benefits to an eligible household, the State agency shall promptly restore any improperly denied benefits to the extent required by subsection (e)(11) of this section and section 2023(b) of this title, and shall take other steps to prevent a recurrence of such errors where such error was caused by the application of State agency practices, rules or procedures inconsistent with the requirements of this chapter or with regulations or policies of the Secretary issued under the authority of this chapter.

(c) Discrimination prohibited

In the certification of applicant households for the food stamp program, there shall be no discrimination by reason of race, sex, religious creed, national origin, or political beliefs.

(d) Plan of operation by State agency; approval by Secretary; Indians

The State agency (as defined in section 2012(n)(1) of this title) of each State desiring to participate in the food stamp program shall submit for approval a plan of operation specifying the manner in which such program will be conducted within the State in every political subdivision. The Secretary may not, as a part of the approval process for a plan of operation, require a State to submit for prior approval by the Secretary the State agency instructions to staff, interpretations of existing policy, State agency methods of administration, forms used by the State agency, or any materials, documents, memoranda, bulletins, or other matter, unless the State determines that the materials, documents, memoranda, bulletins, or other matter alter or amend the State plan of operation or conflict with the rights and levels of benefits to which a household is entitled. In the case of all or part of an Indian reservation, the State agency as defined in section 2012(n)(1) of this title shall be responsible for conducting such program on such reservation unless the Secretary determines that the State agency (as defined in section 2012(n)(1) of this title) is failing, subsequent to August 31, 1964, properly to administer such program on such reservation in accordance with the purposes of this chapter and further determines that the State agency as defined in section 2012(n)(2) of this title is capable of effectively and efficiently conducting such program, in light of the distance of the reservation from State agency-operated certification and issuance centers, the previous experience of such tribal organization in the operation of programs authorized under the Indian Self-Determination Act (25 U.S.C. 450) and similar Acts of Congress, the tribal organization's management and fiscal capabilities, and the adequacy of measures taken by the tribal organization to ensure that there shall be no discrimination in the operation of the program on the basis of race, color, sex, or national origin, in which event such State agency shall be responsible for conducting such program and submitting for approval a plan of operation specifying the manner in which such program will be conducted. The Secretary, upon the request of a tribal organization, shall provide the designees of such organization with appropriate training and technical assistance to enable them to qualify as expeditiously as possible as a State agency pursuant to section

2012(n)(2) of this title. A State agency, as defined in section 2012(n)(1) of this title, before it submits its plan of operation to the Secretary for the administration of the food stamp program on all or part of an Indian reservation, shall consult in good faith with the tribal organization about that portion of the State's plan of operation pertaining to the implementation of the program for members of the tribe, and shall implement the program in a manner that is responsive to the needs of the Indians on the reservation as determined by ongoing consultation with the tribal organization.

(e) Requisites of State plan of operation

The State plan of operation required under subsection (d) of this section shall provide, among such other provisions as may be required by regulation—

(1) that the State agency shall (A) at the option of the State agency, inform low-income households about the availability, eligibility requirements, application procedures, and benefits of the food stamp program; and (B) use appropriate bilingual personnel and printed material in the administration of the program in those portions of political subdivisions in the State in which a substantial number of members of low-income households speak a language other than English;

(2)(A) that the State agency shall establish procedures governing the operation of food stamp offices that the State agency determines best serve households in the State, including households with special needs, such as households with elderly or disabled members, households in rural areas with low-income members, homeless individuals, households residing on reservations, and households in areas in which a substantial number of members of low-income households speak a language other than English.

(B) In carrying out subparagraph (A), a State agency—

(i) shall provide timely, accurate, and fair service to applicants for, and participants in, the food stamp program;

(ii) shall develop an application containing the information necessary to comply with this chapter;

(iii) shall permit an applicant household to apply to participate in the program on the same day that the household first contacts a food stamp office in person during office hours;

(v) shall require that an adult representative of each applicant household certify in writing, under penalty of perjury, that—

(I) the information contained in the application is true; and

(II) all members of the household are citizens or are aliens eligible to receive food stamps under section 2015(f) of this title;

(vi) shall provide a method of certifying and issuing coupons to eligible homeless individuals, to ensure that participation in the

food stamp program is limited to eligible households; and

(vii) may establish operating procedures that vary for local food stamp offices to reflect regional and local differences within the State.

(C) Nothing in this chapter shall prohibit the use of signatures provided and maintained electronically, storage of records using automated retrieval systems only, or any other feature of a State agency's application system that does not rely exclusively on the collection and retention of paper applications or other records.

(D) The signature of any adult under this paragraph shall be considered sufficient to comply with any provision of Federal law requiring a household member to sign an application or statement;

(3) that the State agency shall thereafter promptly determine the eligibility of each applicant household by way of verification of income other than that determined to be excluded by section 2014(d) of this title (in part through the use of the information, if any, obtained under section 2025(e) of this title), household size (in any case such size is questionable), and such other eligibility factors as the Secretary determines to be necessary to implement sections 2014 and 2015 of this title, although the State agency may verify prior to certification, whether questionable or not, the size of any applicant household and such other eligibility factors as the State agency determines are necessary, so as to complete certification of and provide an allotment retroactive to the period of application to any eligible household not later than thirty days following its filing of an application, and that the State agency shall provide each applicant household, at the time of application, a clear written statement explaining what acts the household must perform to cooperate in obtaining verification and otherwise completing the application process;

(4) that the State agency shall insure that each participating household receive a notice of expiration of its certification prior to the start of the last month of its certification period advising the household that it must submit a new application in order to renew its eligibility for a new certification period and, further, that each such household which seeks to be certified another time or more times thereafter by filing an application for such recertification no later than fifteen days prior to the day upon which its existing certification period expires shall, if found to be still eligible, receive its allotment no later than one month after the receipt of the last allotment issued to it pursuant to its prior certification, but if such household is found to be ineligible or to be eligible for a smaller allotment during the new certification period it shall not continue to participate and receive benefits on the basis authorized for the preceding certification period even if it makes a timely request for a fair hearing pursuant to paragraph (10) of this subsection: *Provided*, That the timeliness standards for submitting the notice of expiration and filing an application for recer-

tification may be modified by the Secretary in light of sections 2014(f)(2) and 2015(c) of this title if administratively necessary;

(5) the specific standards to be used in determining the eligibility of applicant households which shall be in accordance with sections 2014 and 2015 of this title and shall include no additional requirements imposed by the State agency;

(6) that—

(A) the State agency shall undertake the certification of applicant households in accordance with the general procedures prescribed by the Secretary in the regulations issued pursuant to this chapter; and

(B) the State agency personnel utilized in undertaking such certification shall be employed in accordance with the current standards for a Merit System of Personnel Administration or any standards later prescribed by the Office of Personnel Management pursuant to section 4728 of title 42 modifying or superseding such standards relating to the establishment and maintenance of personnel standards on a merit basis;

(7) that an applicant household may be represented in the certification process and that an eligible household may be represented in coupon issuance or food purchase by a person other than a member of the household so long as that person has been clearly designated as the representative of that household for that purpose by the head of the household or the spouse of the head, and, where the certification process is concerned, the representative is an adult who is sufficiently aware of relevant household circumstances, except that the Secretary may restrict the number of households which may be represented by an individual and otherwise establish criteria and verification standards for representation under this paragraph;

(8) safeguards which limit the use or disclosure of information obtained from applicant households to persons directly connected with the administration or enforcement of the provisions of this chapter, regulations issued pursuant to this chapter, Federal assistance programs, or federally assisted State programs, except that—

(A) the safeguards shall not prevent the use or disclosure of such information to the Comptroller General of the United States for audit and examination authorized by any other provision of law;

(B) notwithstanding any other provision of law, all information obtained under this chapter from an applicant household shall be made available, upon request, to local, State or Federal law enforcement officials for the purpose of investigating an alleged violation of this chapter or any regulation issued under this chapter;

(C) the safeguards shall not prevent the use by, or disclosure of such information, to agencies of the Federal Government (including the United States Postal Service) for purposes of collecting the amount of an overissuance of coupons, as determined under section 2022(b) of this title, from Federal pay (including salaries and pensions) as

authorized pursuant to section 5514 of title 5 or a Federal income tax refund as authorized by section 3720A of title 31;

(D) notwithstanding any other provision of law, the address, social security number, and, if available, photograph of any member of a household shall be made available, on request, to any Federal, State, or local law enforcement officer if the officer furnishes the State agency with the name of the member and notifies the agency that—

(i) the member—

(I) is fleeing to avoid prosecution, or custody or confinement after conviction, for a crime (or attempt to commit a crime) that, under the law of the place the member is fleeing, is a felony (or, in the case of New Jersey, a high misdemeanor), or is violating a condition of probation or parole imposed under Federal or State law; or

(II) has information that is necessary for the officer to conduct an official duty related to subclause (I);

(ii) locating or apprehending the member is an official duty; and

(iii) the request is being made in the proper exercise of an official duty; and

(E) the safeguards shall not prevent compliance with paragraph (16) or (20)(B);

(9) that the State agency shall—

(A) provide coupons no later than 7 days after the date of application to any household which—

(i) (I) has gross income that is less than \$150 per month; or

(ii) has liquid resources that do not exceed \$100;

(B) provide coupons no later than 7 days after the date of application to any household that has a combined gross income and liquid resources that is less than the monthly rent, or mortgage, and utilities of the household; and

(C) to the extent practicable, verify the income and liquid resources of a household referred to in subparagraph (A) or (B) prior to issuance of coupons to the household;

(10) for the granting of a fair hearing and a prompt determination thereafter to any household aggrieved by the action of the State agency under any provision of its plan of operation as it affects the participation of such household in the food stamp program or by a claim against the household for an over-issuance: *Provided*, That any household which timely requests such a fair hearing after receiving individual notice of agency action reducing or terminating its benefits within the household's certification period shall continue to participate and receive benefits on the basis authorized immediately prior to the notice of adverse action until such time as the fair hearing is completed and an adverse decision rendered or until such time as the household's

certification period terminates, whichever occurs earlier, except that in any case in which the State agency receives from the household a written statement containing information that clearly requires a reduction or termination of the household's benefits, the State agency may act immediately to reduce or terminate the household's benefits and may provide notice of its action to the household as late as the date on which the action becomes effective. At the option of a State, at any time prior to a fair hearing determination under this paragraph, a household may withdraw, orally or in writing, a request by the household for the fair hearing. If the withdrawal request is an oral request, the State agency shall provide a written notice to the household confirming the withdrawal request and providing the household with an opportunity to request a hearing;

(11) upon receipt of a request from a household, for the prompt restoration in the form of coupons to a household of any allotment or portion thereof which has been wrongfully denied or terminated, except that allotments shall not be restored for any period of time more than one year prior to the date the State agency receives a request for such restoration from a household or the State agency is notified or otherwise discovers that a loss to a household has occurred;

(12) for the submission of such reports and other information as from time to time may be required by the Secretary;

(13) for indicators of expected performance in the administration of the program;

(14) that the State agency shall specify a plan of operation for providing food stamps for households that are victims of a disaster; that such plan shall include, but not be limited to, procedures for informing the public about the disaster program and how to apply for its benefits, coordination with Federal and private disaster relief agencies and local government officials, application procedures to reduce hardship and inconvenience and deter fraud, and instruction of caseworkers in procedures for implementing and operating the disaster program;

The State agency may permit a member of a household to comply with this paragraph by presenting a photographic identification card used to receive assistance under a welfare or public assistance program;

(16) notwithstanding paragraph (8) of this subsection, for the immediate reporting to the Immigration and Naturalization Service by the State agency of a determination by personnel responsible for the certification or re-

(B) to verify and otherwise ensure that an individual who is placed under detention in a Federal, State, or local penal, correctional, or other detention facility for more than 30 days shall not be eligible to participate in the food stamp program as a member of any household, except that—

(ii) a State agency that obtains information collected under section 1382(e)(1)(I)(i)(I) of title 42 pursuant to section 1382(e)(1)(I)(ii)(II) of title 42, or under another program determined by the Secretary to be comparable to the program carried out under that section, shall be considered in compliance with this subparagraph.

(B) Eligibility

A private nonprofit organization or State agency shall be eligible to receive a grant under subparagraph (A) if the organization or agency agrees—

(C) Preference

In deciding between 2 or more private nonprofit organizations or State agencies that are eligible to receive a grant under subparagraph (B), the Secretary shall give a preference to an organization or agency that conducted a collaborative effort described in subparagraph (B) and received funding for the collaborative effort from the Secretary before August 5, 1997.

(g) State noncompliance; correction of failures

If the Secretary determines, upon information received by the Secretary, investigation initiated by the Secretary, or investigation that the Secretary shall initiate upon receiving sufficient information evidencing a pattern of lack of compliance by a State agency of a type specified in this subsection, that in the administration of the food stamp program there is a failure by a State agency without good cause to comply with any of the provisions of this chapter, the regulations issued pursuant to this chapter, the State plan of operation submitted pursuant to subsection (d) of this section, the State plan for automated data processing submitted pursuant to subsection (o)(2) of this section, or the requirements established pursuant to section 2032 of this title the Secretary shall immediately inform such State agency of such failure and shall allow the State agency a specified period of time for the correction of such failure. If the State agency does not correct such failure within that

specified period, the Secretary may refer the matter to the Attorney General with a request that injunctive relief be sought to require compliance forthwith by the State agency and, upon suit by the Attorney General in an appropriate district court of the United States having jurisdiction of the geographic area in which the State agency is located and a showing that non-compliance has occurred, appropriate injunctive relief shall issue, and, whether or not the Secretary refers such matter to the Attorney General, the Secretary shall proceed to withhold from the State such funds authorized under sections 2025(a), 2025(c), and 2025(g) of this title as the Secretary determines to be appropriate, subject to administrative and judicial review under section 2023 of this title.

(h) Deposit by State to cover fraudulently or negligently issued coupons

If the Secretary determines that there has been negligence or fraud on the part of the State agency in the certification of applicant households, the State shall, upon request of the Secretary, deposit into the Treasury of the United States, a sum equal to the face value of any coupon or coupons issued as a result of such negligence or fraud.

(i) Application and denial procedures**(1) Application procedures**

Notwithstanding any other provision of law, households in which all members are applicants for or recipients of supplemental security income shall be informed of the availability of benefits under the food stamp program and be assisted in making a simple application to participate in such program at the social security office and be certified for eligibility utilizing information contained in files of the Social Security Administration.

(2) Denial and termination

Except in a case of disqualification as a penalty for failure to comply with a public assistance program rule or regulation, no household shall have its application to participate in the food stamp program denied nor its benefits under the food stamp program terminated solely on the basis that its application to participate has been denied or its benefits have been terminated under any of the programs carried out under the statutes specified in the second sentence of section 2014(a) of this title and without a separate determination by the State agency that the household fails to satisfy the eligibility requirements for participation in the food stamp program.

(1) Any individual who is an applicant for or recipient of supplemental security income or social security benefits (under regulations prescribed by the Secretary in conjunction with the Commissioner of Social Security) shall be informed of the availability of benefits under the food stamp program and informed of the availability of a simple application to participate in such program at the social security office.

(B) applications for assistance under this chapter from households in which all members are applicants for or recipients of supplemental security income will be forwarded immediately to the State agency in an efficient and timely manner; and

Subject to the approval of the President, post offices in all or part of the State may issue, upon request by the State agency, food stamps to eligible households.

(l) Special financial audit review of high participation States

Whenever the ratio of a State's average food stamp participation in any quarter of a fiscal year to the State's total population in that quarter (estimated on the basis of the latest available population estimates as provided by the Department of Commerce, Bureau of the Census, Series P-25, Current Population Reports (or its successor series)) exceeds 60 per centum, the Office of the Inspector General of the Department of Agriculture shall immediately schedule a financial audit review of a sample of project areas within that State. Any financial audit review subsequent to the first such review, required under the preceding sentence, shall be conducted at the option of the Office of the Inspector General.

(m) Alaskan fee agents; use and services

Such services shall not include making final decisions on household eligibility or benefit levels.

(n) Verification by State agencies

The Secretary shall require State agencies to conduct verification and implement other measures where necessary, but no less often than annually, to assure that an individual does not receive both coupons and benefits or payments referred to in section 2015(g) of this title or both coupons and assistance provided in lieu of coupons under section 2026(b)(1) of this title.

(o) Data processing systems; model plan; comprehensive automation and computerization; State plans; evaluation and report to Congress; corrective measures by State; time for implementation

(1) The Secretary shall develop, after consultation with, and with the assistance of, an advisory

group of State agencies appointed by the Secretary without regard to the provisions of the Federal Advisory Committee Act, a model plan for the comprehensive automation of data processing and computerization of information systems under the food stamp program. The plan shall be developed and made available for public comment through publication of the proposed plan in the Federal Register not later than October 1, 1986. The Secretary shall complete the plan, taking into consideration public comments received, not later than February 1, 1987. The elements of the plan may include intake procedures, eligibility determinations and calculation of benefits, verification procedures, coordination with related Federal and State programs, the issuance of benefits, reconciliation procedures, the generation of notices, and program reporting. In developing the plan, the Secretary shall take into account automated data processing and information systems already in existence in States and shall provide for consistency with such systems.

(2) Not later than October 1, 1987, each State agency shall develop and submit to the Secretary for approval a plan for the use of an automated data processing and information retrieval system to administer the food stamp program in such State. The State plan shall take into consideration the model plan developed by the Secretary under paragraph (1) and shall provide time frames for completion of various phases of the State plan. If a State agency already has a sufficient automated data processing and information retrieval system, the State plan may, subject to the Secretary's approval, reflect the existing State system.

(3) Not later than April 1, 1988, the Secretary shall prepare and submit to Congress an evaluation of the degree and sufficiency of each State's automated data processing and computerized information systems for the administration of the food stamp program, including State plans submitted under paragraph (2). Such report shall include an analysis of additional steps needed for States to achieve effective and cost-efficient data processing and information systems. The Secretary, thereafter, shall periodically update such report.

(4) Based on the Secretary's findings in such report submitted under paragraph (3), the Secretary may require a State agency, as necessary to rectify identified shortcomings in the administration of the food stamp program in the State, except where such direction would displace State initiatives already under way, to take specified steps to automate data processing systems or computerize information systems for the administration of the food stamp program in the State if the Secretary finds that, in the absence of such systems, there will be program accountability or integrity problems that will substantially affect the administration of the food stamp program in the State.

(5)(A) Subject to subparagraph (B), in the case of a plan for an automated data processing and information retrieval system submitted by a State agency to the Secretary under paragraph (2), such State agency shall—

(i) commence implementation of its plan not later than October 1, 1988; and

(ii) meet the time frames set forth in the plan.

(B) The Secretary shall extend a deadline imposed under subparagraph (A) to the extent the Secretary deems appropriate based on the Secretary's finding of a good faith effort of a State agency to implement its plan in accordance with subparagraph (A).

(p) State verification option

Notwithstanding any other provision of law, in carrying out the food stamp program, a State agency shall not be required to use an income and eligibility or an immigration status verification system established under section 1320b-7 of title 42.

(q) Denial of food stamps for prisoners

The Secretary shall assist States, to the maximum extent practicable, in implementing a system to conduct computer matches or other systems to prevent prisoners described in subsection (e)(20)(B) of this section from participating in the food stamp program as a member of any household.

(r) Denial of food stamps for deceased individuals

Each State agency shall—

(1) enter into a cooperative arrangement with the Commissioner of Social Security, pursuant to the authority of the Commissioner under section 405(r)(3) of title 42, to obtain information on individuals who are deceased; and
