SUBCHAPTER LIX—KLONDIKE GOLD RUSH
NATIONAL HISTORICAL PARK

§ 410bb. Establishment

(a) Composition and boundaries; relocation of
Seattle unit

In order to preserve in public ownership for the benefit and inspiration of the people of the United States, historic structures and trails associated with the Klondike Gold Rush of 1898, the Secretary of the Interior (hereinafter referred to as the "Secretary") is authorized to establish the Klondike Gold Rush National Historical Park (hereinafter referred to as the "park"), consisting of a Seattle unit, a Skagway unit, a Chilkoot Trail unit, and a White Pass Trail unit. The boundaries of the Skagway unit, the Chilkoot Trail unit, and the White Pass Trail unit shall be as generally depicted on a drawing consisting of two sheets entitled "Boundary Map, Klondike Gold Rush National Historical Park", numbered 20,013-B and dated May, 1973, which shall be on file and available for public inspection in the offices of the National Park Service, Department of the Interior. Within the Pioneer Square Historic District in Seattle as depicted on a drawing entitled "Pioneer Square Historic District", numbered 20,010-B and dated May 19, 1973, which shall also be on file and available as aforesaid, the Secretary may select a suitable site for the Seattle unit and publish a description of the site in the Federal Register. The Secretary may relocate the site of the Seattle unit by publication of a new description in the Federal Register, and any property acquired for purposes of the unit prior to such relocation shall be subject to disposal in accordance with the Federal surplus property laws: *Provided*, That the Seattle unit shall be within the Pioneer Square Historic District. After advising the Committee on Energy and Natural Resources of the Senate and the Committee on Natural Resources of the House of Representatives, in writing, the Secretary may revise the boundaries of the park from time to time, by publication of a revised map or other boundary description in the Federal Register, but the total area of the park may not exceed thirteen thousand three hundred acres.

(b) Acquisition of land; administrative site

(1) The Secretary may acquire lands, waters, and interests therein within the park by donation, purchase, lease, exchange, or transfer from another Federal agency. Lands or interests in lands owned by the State of Alaska or any political subdivision thereof may be acquired only by donation or exchange, and notwithstanding the provisions of subsection 6(i) of the Act of July 7, 1958 (72 Stat. 339, 342), commonly known as the Alaska Statehood Act, the State may include the minerals in any such transaction. Lands under the jurisdiction of any Federal agency may, with the concurrence of such agency, be transferred without consideration to the Secretary for the purposes of the park.

(2) The Secretary is authorized to acquire outside the boundaries of the park, by any of the above methods, not to exceed fifteen acres of land or interests therein located in, or in the vicinity of, the city of Skagway, Alaska, for an administrative site; and to acquire by any of the above methods, up to ten historic structures or interests in such structures located in the city of Skagway but outside the Skagway unit for relocation within such unit as the Secretary deems essential for adequate preservation and interpretation of the park.

(c) Easements; rights-of-way; permits

All lands acquired pursuant to this subchapter shall be taken by the Secretary subject to all valid existing rights granted by the United States for railroad, telephone, telegraph, and pipeline purposes. The Secretary is authorized to grant rights-of-way, easements, permits, and other benefits in, through and upon all lands acquired for the White Pass Trail unit for pipeline purposes, pursuant to the Acts of February 25, 1920 (41 Stat. 449), August 21, 1935 (49 Stat. 678), and August 12, 1953 (67 Stat. 557), and for railroad purposes pursuant to the Act of May 14, 1898 (30 Stat. 409): *Provided*, That significant adverse impacts to park resources will not result.

(d) Right-of-way for Alaskan highway across
Chilkoot Trail

The Secretary is authorized to grant to the State of Alaska a highway right-of-way across lands in the Chilkoot Trail unit, in the area of Dyea, for the purpose of linking the communities of Haines and Skagway by road if he finds that (1) there is no feasible and prudent alternative to the use of such lands, (2) the road proposal includes all possible planning to minimize harm to the park resulting from such road use, and (3) to grant such right-of-way will not have significant adverse effects on the historical and archeological resources of the park and its administration, protection, and management in accordance with the purposes of this subchapter.

PROC. NO. 7114. DESIGNATING KLONDIKE GOLD RUSH INTERNATIONAL HISTORICAL PARK

Proc. No. 7114, Aug. 5, 1998, 63 F.R. 42563, provided:

A century ago, the Klondike Gold Rush began a migration that forever changed Alaska and the Yukon Territory. More than 100,000 people headed north during 1897 and 1898, catapulting a little-known region from obscurity to the center of the world stage. While the Klondike was not the first or largest western gold rush, coming nearly 50 years after the 1848 gold discovery at Sutter’s Mill, California, it is remembered for the sheer drama by which it was announced to the world and for its century-long influence on Alaska and the upper Yukon River basin.

The United States and Canada have been engaged for 30 years in joint planning and cooperation to commemorate the Klondike Gold Rush and preserve historic structures and trails on both sides of the international boundary. In 1976, the Government of the United States established Klondike Gold Rush National Historical Park, consisting of a Seattle unit, a Skagway unit, a Chilkoot Pass unit, and a White Pass unit, to preserve the historic structures and trails. The Government of Canada has recognized the national significance of the Chilkoot Trail and Dawson Historical Complex by designating them as National Historic Sites. It has also designated a section of the Yukon River as a Canadian Heritage River and taken other steps to commemorate the rich history of this region.

It is the desire of the United States to join our Canadian neighbors in celebrating our shared history on the occasion of the centennial of the Klondike Gold Rush and to reaffirm the commitment of the United States to continuing the joint efforts of both nations to preserve our shared Klondike history.

In 1996, Canadian Prime Minister Jean Chretien proclaimed that, “the governments of Canada and the United States and of Yukon and Alaska in a long-standing spirit of cooperation have agreed to establish the Klondike Gold Rush International Historic Park, incorporating the resources of the Chilkoot Trail National Historic Site in British Columbia and the Klondike Gold Rush National Historical Park in Alaska . . .”

Section 3(a) of U.S. Public Law 94-323 [16 U.S.C. 410bb-2(a)] states, “At such time . . . that planning, de-
