

management plans, including activities to coordinate current and future multiple uses of Indian forest lands;

(J) improvement and maintenance of extended season primary and secondary Indian forest land road systems; and

(K) research activities to improve the basis for determining appropriate management measures to apply to Indian forest lands;

(5) “forest management plan” means the principal document, approved by the Secretary, reflecting and consistent with a tribal integrated resource management plan, which provides for the regulation of the detailed, multiple-use operation of Indian forest land by methods assuring that such lands remain in a continuously productive state while meeting the objectives of the tribe and which shall include—

(A) standards setting forth the funding and staffing requirements necessary to carry out each management plan, with a report of current forestry funding and staffing levels; and

(B) standards providing quantitative criteria to evaluate performance against the objectives set forth in the plan;

(6) “forest product” means—

(A) timber,

(B) a timber product, including lumber, lath, crating, ties, bolts, logs, pulpwood, fuelwood, posts, poles and split products,

(C) bark,

(D) Christmas trees, stays, branches, firewood, berries, mosses, pinyon nuts, roots, acorns, syrups, wild rice, and herbs,

(E) other marketable material, and

(F) gravel which is extracted from, and utilized on, Indian forest lands;

(7) “forest resources” means all the benefits derived from Indian forest lands, including forest products, soil productivity, water, fisheries, wildlife, recreation, and aesthetic or other traditional values of Indian forest lands;

(8) “forest trespass” means the act of illegally removing forest products from, or illegally damaging forest products on, forest lands;

(9) “Indian” means a member of an Indian tribe;

(10) “Indian land” means land title to which is held by—

(A) the United States in trust for an Indian, an individual of Indian or Alaska Native ancestry who is not a member of a federally-recognized Indian tribe, or an Indian tribe, or

(B) an Indian, an individual of Indian or Alaska Native ancestry who is not a member of a federally recognized tribe, or an Indian tribe subject to a restriction by the United States against alienation;

(11) “Indian tribe” or “tribe” means any Indian tribe, band, nation, Pueblo or other organized group or community which is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians and shall mean, where appropriate, the recognized tribal government of such tribe’s reservation;

(12) “reservation” includes Indian reservations established pursuant to treaties, Acts of Congress or Executive orders, public domain Indian allotments, and former Indian reservations in Oklahoma;

(13) “Secretary” means the Secretary of the Interior;

(14) “sustained yield” means the yield of forest products that a forest can produce continuously at a given intensity of management; and

(15) “tribal integrated resource management plan” means a document, approved by an Indian tribe and the Secretary, which provides coordination for the comprehensive management of such tribe’s natural resources.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 3703 of this title.

§ 3104. Management of Indian forest land

(a) Management activities

The Secretary shall undertake forest land management activities on Indian forest land, either directly or through contracts, cooperative agreements, or grants under the Indian Self-Determination Act [25 U.S.C. 450f et seq.].

(b) Management objectives

Indian forest land management activities undertaken by the Secretary shall be designed to achieve the following objectives—

(1) the development, maintenance, and enhancement of Indian forest land in a perpetually productive state in accordance with the principles of sustained yield and with the standards and objectives set forth in forest management plans by providing effective management and protection through the application of sound silvicultural and economic principles to—

(A) the harvesting of forest products,

(B) forestation,

(C) timber stand improvement, and

(D) other forestry practices;

(2) the regulation of Indian forest lands through the development and implementation, with the full and active consultation and participation of the appropriate Indian tribe, of forest management plans which are supported by written tribal objectives and forest marketing programs;

(3) the regulation of Indian forest lands in a manner that will ensure the use of good method and order in harvesting so as to make possible, on a sustained yield basis, continuous productivity and a perpetual forest business;

(4) the development of Indian forest lands and associated value-added industries by Indians and Indian tribes to promote self-sustaining communities, so that Indians may receive from their Indian forest land not only stumpage value, but also the benefit of all the labor and profit that such Indian forest land is capable of yielding;

(5) the retention of Indian forest land in its natural state when an Indian tribe determines that the recreational, cultural, aesthetic, or traditional values of the Indian forest land
