§ 3604. E-Government Fund

(a)(1) There is established in the Treasury of the United States the E-Government Fund.

(2) The Fund shall be administered by the Administrator of the General Services Administration to support projects approved by the Director, assisted by the Administrator of the Office of Electronic Government, that enable the Federal Government to expand its ability, through the development and implementation of innovative uses of the Internet or other electronic methods, to conduct activities electronically.

(3) Projects under this subsection may include efforts to—

(A) make Federal Government information and services more readily available to members of the public (including individuals, businesses, grantees, and State and local governments);

(B) make it easier for the public to apply for benefits, receive services, pursue business opportunities, submit information, and otherwise conduct transactions with the Federal Government; and

(C) enable Federal agencies to take advantage of information technology in sharing information and conducting transactions with each other and with State and local governments.

(b)(1) The Administrator shall—

(A) establish procedures for accepting and reviewing proposals for funding;

(B) consult with interagency councils, including the Chief Information Officers Council, the Chief Financial Officers Council, and other interagency management councils, in establishing procedures and reviewing proposals; and

(C) assist the Director in coordinating resources that agencies receive from the Fund with other resources available to agencies for similar purposes.

(2) When reviewing proposals and managing the Fund, the Administrator shall observe and incorporate the following procedures:

(A) A project requiring substantial involvement or funding from an agency shall be approved by a senior official with agencywide authority on behalf of the head of the agency, who shall report directly to the head of the agency.

(B) Projects shall adhere to fundamental capital planning and investment control processes.
