

head of that agency in writing whether the change is consistent with the National Drug Control Program.

(c) General Services Administration

The Administrator of General Services shall provide to the Director, in¹ a reimbursable basis, such administrative support services as the Director may request.

(d) Accounting of funds expended

The Director shall—

(A) require the National Drug Control Program agencies to submit to the Director not later than February 1 of each year a detailed accounting of all funds expended by the agencies for National Drug Control Program activities during the previous fiscal year, and require such accounting to be authenticated by the Inspector General for each agency prior to submission to the Director; and

(B) submit to Congress not later than April 1 of each year the information submitted to the Director under subparagraph (A).

§ 1705. Development, submission, implementation, and assessment of National Drug Control Strategy

(a) Timing, contents, and process for development and submission of National Drug Control Strategy

(1) Timing

Not later than February 1, 1999, the President shall submit to Congress a National Drug Control Strategy, which shall set forth a comprehensive plan, covering a period of not more than 5 years, for reducing drug abuse and the consequences of drug abuse in the United States, by limiting the availability of and reducing the demand for illegal drugs.

(2) Contents

(A) In general

The National Drug Control Strategy submitted under paragraph (1) shall include—

(i) comprehensive, research-based, long-range, quantifiable, goals for reducing drug abuse and the consequences of drug abuse in the United States;

(ii) annual, quantifiable, and measurable objectives and specific targets to accomplish long-term quantifiable goals that the Director determines may be achieved during each year of the period beginning on the date on which the National Drug Control Strategy is submitted;

(iii) 5-year projections for program and budget priorities; and

(iv) a review of international, State, local, and private sector drug control activities to ensure that the United States pursues well-coordinated and effective drug control at all levels of government.

(B) Classified information

Any contents of the National Drug Control Strategy that involves information properly classified under criteria established by an Executive order shall be presented to Congress separately from the rest of the National Drug Control Strategy.

(3) Process for development and submission

(A) Consultation

In developing and effectively implementing the National Drug Control Strategy, the Director—

(i) shall consult with—

(I) the heads of the National Drug Control Program agencies;

(II) Congress;

(III) State and local officials;

(IV) private citizens and organizations with experience and expertise in demand reduction;

(V) private citizens and organizations with experience and expertise in supply reduction; and

(VI) appropriate representatives of foreign governments;

(ii) with the concurrence of the Attorney General, may require the El Paso Intelligence Center to undertake specific tasks or projects to implement the National Drug Control Strategy; and

(iii) with the concurrence of the Director of Central Intelligence and the Attorney General, may request that the National Drug Intelligence Center undertake specific tasks or projects to implement the National Drug Control Strategy.

(B) Inclusion in Strategy

The National Drug Control Strategy under this subsection, and each report submitted under subsection (b) of this section, shall include a list of each entity consulted under subparagraph (A)(i).

(4) Specific targets

The targets in the National Drug Control Strategy shall include the following:

(A) Reduction of unlawful drug use to 3 percent of the population of the United States or less by December 31, 2003 (as measured in terms of overall illicit drug use during the past 30 days by the National House-

¹ So in original. Probably should be "on".

hold Survey), and achievement of at least 20 percent of such reduction during each of 1999, 2000, 2001, 2002, and 2003.

(B) Reduction of adolescent unlawful drug use (as measured in terms of illicit drug use during the past 30 days by the Monitoring the Future Survey of the University of Michigan or the National PRIDE Survey conducted by the National Parents' Resource Institute for Drug Education) to 3 percent of the adolescent population of the United States or less by December 31, 2003, and achievement of at least 20 percent of such reduction during each of 1999, 2000, 2001, 2002, and 2003.

(C) Reduction of the availability of cocaine, heroin, marijuana, and methamphetamine in the United States by 80 percent by December 31, 2003.

(D) Reduction of the respective nationwide average street purity levels for cocaine, heroin, marijuana, and methamphetamine (as estimated by the interagency drug flows assessment led by the Office of National Drug Control Policy, and based on statistics collected by the Drug Enforcement Administration and other National Drug Control Program agencies identified as relevant by the Director) by 60 percent by December 31, 2003, and achievement of at least 20 percent of each such reduction during each of 1999, 2000, 2001, 2002, and 2003.

(E) Reduction of drug-related crime in the United States by 50 percent by December 31, 2003, and achievement of at least 20 percent of such reduction during each of 1999, 2000, 2001, 2002, and 2003, including—

(i) reduction of State and Federal unlawful drug trafficking and distribution;

(ii) reduction of State and Federal crimes committed by persons under the influence of unlawful drugs;

(iii) reduction of State and Federal crimes committed for the purpose of obtaining unlawful drugs or obtaining property that is intended to be used for the purchase of unlawful drugs; and

(iv) reduction of drug-related emergency room incidents in the United States (as measured by data of the Drug Abuse Warning Network on illicit drug abuse), including incidents involving gunshot wounds and automobile accidents in which illicit drugs are identified in the bloodstream of the victim, by 50 percent by December 31, 2003.

(5) Further reductions in drug use, availability, and crime

Following the submission of a National Drug Control Strategy under this section to achieve the specific targets described in paragraph (4), the Director may formulate a strategy for additional reductions in drug use and availability and drug-related crime beyond the 5-year period covered by the National Drug Control Strategy that has been submitted.

(b) Annual Strategy report

(1) In general

Not later than February 1, 1999, and on February 1 of each year thereafter, the President

shall submit to Congress a report on the progress in implementing the Strategy under subsection (a) of this section, which shall include—

(A) an assessment of the Federal effectiveness in achieving the National Drug Control Strategy goals and objectives using the performance measurement system described in subsection (c) of this section, including—

(i) an assessment of drug use and availability in the United States; and

(ii) an estimate of the effectiveness of interdiction, treatment, prevention, law enforcement, and international programs under the National Drug Control Strategy in effect during the preceding year, or in effect as of the date on which the report is submitted;

(B) any modifications of the National Drug Control Strategy or the performance measurement system described in subsection (c) of this section;

(C) an assessment of the manner in which the budget proposal submitted under section 1703(c) of this title is intended to implement the National Drug Control Strategy and whether the funding levels contained in such proposal are sufficient to implement such Strategy;

(D) measurable data evaluating the success or failure in achieving the annual measurable objectives described in subsection (a)(2)(A)(ii) of this section;

(E) an assessment of current drug use (including inhalants) and availability, impact of drug use, and treatment availability, which assessment shall include—

(i) estimates of drug prevalence and frequency of use as measured by national, State, and local surveys of illicit drug use and by other special studies of—

(I) casual and chronic drug use;

(II) high-risk populations, including school dropouts, the homeless and transient, arrestees, parolees, probationers, and juvenile delinquents; and

(III) drug use in the workplace and the productivity lost by such use;

(ii) an assessment of the reduction of drug availability against an ascertained baseline, as measured by—

(I) the quantities of cocaine, heroin, marijuana, methamphetamine, and other drugs available for consumption in the United States;

(II) the amount of marijuana, cocaine, heroin, and precursor chemicals entering the United States;

(III) the number of hectares of marijuana, poppy, and coca cultivated and destroyed domestically and in other countries;

(IV) the number of metric tons of marijuana, heroin, cocaine, and methamphetamine seized;

(V) the number of cocaine and methamphetamine processing laboratories destroyed domestically and in other countries;

(VI) changes in the price and purity of heroin and cocaine, changes in the price

of methamphetamine, and changes in tetrahydrocannabinol level of marijuana;

(VII) the amount and type of controlled substances diverted from legitimate retail and wholesale sources; and

(VIII) the effectiveness of Federal technology programs at improving drug detection capabilities in interdiction, and at United States ports of entry;

(iii) an assessment of the reduction of the consequences of drug use and availability, which shall include estimation of—

(I) the burden drug users placed on hospital emergency departments in the United States, such as the quantity of drug-related services provided;

(II) the annual national health care costs of drug use, including costs associated with people becoming infected with the human immunodeficiency virus and other infectious diseases as a result of drug use;

(III) the extent of drug-related crime and criminal activity; and

(IV) the contribution of drugs to the underground economy, as measured by the retail value of drugs sold in the United States;

(iv) a determination of the status of drug treatment in the United States, by assessing—

(I) public and private treatment capacity within each State, including information on the treatment capacity available in relation to the capacity actually used;

(II) the extent, within each State, to which treatment is available;

(III) the number of drug users the Director estimates could benefit from treatment; and

(IV) the specific factors that restrict the availability of treatment services to those seeking it and proposed administrative or legislative remedies to make treatment available to those individuals; and

(v) a review of the research agenda of the Counter-Drug Technology Assessment Center to reduce the availability and abuse of drugs; and

(F) an assessment of private sector initiatives and cooperative efforts between the Federal Government and State and local governments for drug control.

(2) Submission of revised Strategy

The President may submit to Congress a revised National Drug Control Strategy that meets the requirements of this section—

(A) at any time, upon a determination by the President, in consultation with the Director, that the National Drug Control Strategy in effect is not sufficiently effective; and

(B) if a new President or Director takes office.

(3) 1999 Strategy report

With respect to the Strategy report required to be submitted by this subsection on Feb-

ruary 1, 1999, the President shall prepare the report using such information as is available for the period covered by the report.

(c) Performance measurement system

(1) Sense of Congress

It is the sense of Congress that—

(A) the targets described in subsection (a) of this section are important to the reduction of overall drug use in the United States;

(B) the President should seek to achieve those targets during the 5 years covered by the National Drug Control Strategy required to be submitted under subsection (a) of this section;

(C) the purpose of such targets and the annual reports to Congress on the progress towards achieving the targets is to allow for the annual restructuring of appropriations by the Appropriations Committees and authorizing committees of jurisdiction of Congress to meet the goals described in this chapter;

(D) the performance measurement system developed by the Director described in this subsection is central to the National Drug Control Program targets, programs, and budget;

(E) the Congress strongly endorses the performance measurement system for establishing clear outcomes for reducing drug use nationwide during the next five years, and the linkage of this system to all agency drug control programs and budgets receiving funds scored as drug control agency funding.

(2) Submission to Congress

Not later than February 1, 1999, the Director shall submit to Congress a description of the national drug control performance measurement system, designed in consultation with affected National Drug Control Program agencies, that—

(A) develops performance objectives, measures, and targets for each National Drug Control Strategy goal and objective;

(B) revises performance objectives, measures, and targets, to conform with National Drug Control Program Agency budgets;

(C) identifies major programs and activities of the National Drug Control Program agencies that support the goals and objectives of the National Drug Control Strategy;

(D) evaluates in detail the implementation by each National Drug Control Program agency of program activities supporting the National Drug Control Strategy;

(E) monitors consistency between the drug-related goals and objectives of the National Drug Control Program agencies and ensures that drug control agency goals and budgets support and are fully consistent with the National Drug Control Strategy; and

(F) coordinates the development and implementation of national drug control data collection and reporting systems to support policy formulation and performance measurement, including an assessment of—

(i) the quality of current drug use measurement instruments and techniques to

measure supply reduction and demand reduction activities;

(ii) the adequacy of the coverage of existing national drug use measurement instruments and techniques to measure the casual drug user population and groups that are at risk for drug use; and

(iii) the actions the Director shall take to correct any deficiencies and limitations identified pursuant to subparagraphs (A) and (B) of subsection (b)(4) of this section.

(3) Modifications

A description of any modifications made during the preceding year to the national drug control performance measurement system described in paragraph (2) shall be included in each report submitted under subsection (b) of this section.

§ 1706. High Intensity Drug Trafficking Areas Program

(a) Establishment

There is established in the Office a program to be known as the High Intensity Drug Trafficking Areas Program.

(b) Designation

The Director, upon consultation with the Attorney General, the Secretary of the Treasury, heads of the National Drug Control Program agencies, and the Governor of each applicable State, may designate any specified area of the United States as a high intensity drug trafficking area. After making such a designation and in order to provide Federal assistance to the area so designated, the Director may—

(1) obligate such sums as appropriated for the High Intensity Drug Trafficking Areas Program;

(2) direct the temporary reassignment of Federal personnel to such area, subject to the approval of the head of the department or agency that employs such personnel;

(3) take any other action authorized under section 1703 of this title to provide increased Federal assistance to those areas;

(4) coordinate activities under this subsection (specifically administrative, record-keeping, and funds management activities) with State and local officials.

(c) Factors for consideration

In considering whether to designate an area under this section as a high intensity drug trafficking area, the Director shall consider, in addition to such other criteria as the Director considers to be appropriate, the extent to which—

(1) the area is a center of illegal drug production, manufacturing, importation, or distribution;

(2) State and local law enforcement agencies have committed resources to respond to the drug trafficking problem in the area, thereby indicating a determination to respond aggressively to the problem;

(3) drug-related activities in the area are having a harmful impact in other areas of the country; and

(4) a significant increase in allocation of Federal resources is necessary to respond adequately to drug-related activities in the area.

(d) Use of funds

The Director shall ensure that no Federal funds appropriated for the High Intensity Drug Trafficking Program are expended for the establishment or expansion of drug treatment programs.

COMBATING METHAMPHETAMINE AND AMPHETAMINE IN HIGH INTENSITY DRUG TRAFFICKING AREAS

Pub. L. 106-310, div. B, title XXXVI, § 3624, Oct. 17, 2000, 114 Stat. 1232, provided that:

“(a) IN GENERAL.—

“(1) IN GENERAL.—The Director of National Drug Control Policy shall use amounts available under this section to combat the trafficking of methamphetamine and amphetamine in areas designated by the Director as high intensity drug trafficking areas.

“(2) ACTIVITIES.—In meeting the requirement in paragraph (1), the Director shall transfer funds to appropriate Federal, State, and local governmental agencies for employing additional Federal law enforcement personnel, or facilitating the employment of additional State and local law enforcement personnel, including agents, investigators, prosecutors, laboratory technicians, chemists, investigative assistants, and drug-prevention specialists.

“(b) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section—

“(1) \$15,000,000 for fiscal year 2000; and

“(2) such sums as may be necessary for each of fiscal years 2001 through 2004.

“(c) APPORTIONMENT OF FUNDS.—

“(1) FACTORS IN APPORTIONMENT.—The Director shall apportion amounts appropriated for a fiscal year pursuant to the authorization of appropriations in subsection (b) for activities under subsection (a) among and within areas designated by the Director as high intensity drug trafficking areas based on the following factors:

“(A) The number of methamphetamine manufacturing facilities and amphetamine manufacturing
