

trade action that is under consideration. Upon conclusion of a trade agreement that includes provisions specifically addressing tobacco or tobacco products, the USTR shall produce and make publicly available a summary describing those provisions.

(c) International Tobacco Control Needs Assessment. The HHS, with the cooperation of the Departments of State, Commerce, and Agriculture, and in consultation with the appropriate national Ministry of Health, shall conduct a pilot assessment of tobacco use in a country other than the United States. Such assessment will be carried out through a compilation and review of surveys and other needs assessments already available and include:

(1) initial estimates of the burden of disease and other public health consequences of tobacco use;

(2) the status of tobacco control regulatory measures in place to curtail tobacco consumption and tobacco related disease; and

(3) an analysis of the marketing, distribution, and manufacturing practices of tobacco companies in given regions, and the impact of those practices on smoking rates, particularly among women and children. Such assessment shall be prepared and provided to interested agencies and other parties not later than December 31, 2001, and be updated as practicable.

(d) Research and Training in Tobacco Control. The HHS will develop a research and training program linking institutions in the United States and certain other countries in the field of tobacco control. Emphasis will be placed on the collection of standardized and comparable surveillance data; networks for communication, information and best practices; and the development and evaluation of culturally-targeted approaches to preventing tobacco use and increasing quit rates, especially among women and children.

SEC. 3. *General.* (a) Executive departments and agencies shall carry out the provisions of this order to the extent permitted by law and consistent with their statutory and regulatory authorities and their enforcement mechanisms.

(b) This order clarifies and strengthens Administration policy and does not create any right or benefit, substantive or procedural, enforceable at law by a party against the United States, its officers or employees, or any other person.

WILLIAM J. CLINTON.

§ 2102. Authority of Secretary

(a) Use of health research and research training resources

To carry out the purposes of clause (1) of section 2101 of this title, the Secretary of Health, Education, and Welfare (hereafter referred to as the “Secretary”) may in the exercise of his responsibilities under the Vocational Rehabilitation Act, sections 191 to 194 of title 42, and any other provision of law, to conduct and support health research and research training, including research and research training relating to the rehabilitation of the handicapped, make such use of health research and research training resources in participating foreign countries as he may deem necessary and desirable.

(b) Fellowships; equipment, meetings and conferences; interchange of scientists and experts; consultants; compensation and travel expenses

To carry out his responsibilities under this section the Secretary may—

(1) establish and maintain fellowships in the United States and in participating foreign countries;

(2) make grants to public institutions or agencies and to nonprofit private institutions

or agencies in the United States and in participating foreign countries for the purpose of establishing and maintaining fellowships;

(3) make grants or loans of equipment, medical, biological, physical, or chemical substances or other materials, for use by public institutions or agencies, or nonprofit private institutions or agencies, or by individuals, in participating foreign countries;

(4) participate and otherwise cooperate in any international health or medical research or research training meetings, conferences, or other activities;

(5) facilitate the interchange between the United States and participating foreign countries, and among participating foreign countries, of research scientists and experts who are engaged in experiments and programs of research or research training, and in carrying out such purpose may pay per diem compensation, subsistence, and travel for such scientists and experts when away from their places of residence at rates not to exceed those provided in section 5703 of title 5 for persons in the Government service intermittently employed; and

(6) procure, in accordance with the provisions of section 3109 of title 5, the temporary or intermittent services of experts or consultants; individuals so employed shall receive compensation at a rate to be fixed by the Secretary, but not in excess of \$50 per diem, including travel time, and while away from their homes or regular places of business may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5 for persons in the Government service employed intermittently.

(c) Definitions

For the purposes of this section—

(1) The term “health research” shall include, but not be limited to, research, investigations, and studies relating to causes and methods of prevention of accidents, including but not limited to highway and aviation accidents.

(2) The term “participating foreign countries” means those foreign countries which cooperate with the United States in carrying out the purposes of this section.

§ 2103. Authority of President

(a) Use of foreign currencies and credits

It is the sense of Congress that the President should use his authority under the Constitution and laws of the United States to accomplish the purposes of section 2101 of this title and in accomplishing such purposes (1) use to the fullest extent practicable foreign currencies or credits available for utilization by the United States, (2) enter into agreements to use foreign currencies and credits available to other nations for use with the agreement of the United States, and (3) use any other foreign currencies and credits which may be made available by participating foreign countries.

(b) Disease and health deficiency investigations, experiments, and studies; rehabilitation

To carry out the purposes of section 2101 of this title the President, in cooperation with participating foreign countries, is authorized to encourage, support, and promote the planning and conduct of, and training for, research investigations, experiments, and studies in the United States and in participating foreign countries relating to the causes, diagnosis, treatment, control, and prevention of diseases and impairments of mankind (including nutritional and other health deficiencies) or to the rehabilitation of the handicapped.

(c) Fellowships; equipment; technical assistance; interchange of scientists and experts; compensation and travel expenses; health science programs and projects; meetings and conferences; scientific publications

To carry out his responsibilities under this chapter the President may—

(1) establish and maintain fellowships in participating foreign countries;

(2) make financial grants to establish and maintain fellowships, and for other purposes, to public institutions and agencies and to non-profit private institutions and agencies, and to individuals in participating foreign countries, or contract with such institutions, agencies, or individuals without regard to section 3324(a) and (b) of title 31 and section 5 of title 41;

(3) make grants or loans of equipment, medical, biological, physical, or chemical substances or other materials, for use by such institutions, agencies, or individuals;

(4) furnish technical assistance and advice to such institutions or agencies and in carrying out such purposes may pay the compensation and expenses of scientists and experts from the United States and other participating foreign countries;

(5) facilitate the interchange among participating foreign countries of scientists and experts (including the payment of travel and subsistence for such scientists and experts when away from their places of residence);

(6) cooperate and assist in the planning and conduct of research, research planning, and research training programs and projects by groups engaged in, or concerned with, research or research training endeavors in the health sciences, and, through financial grants or other appropriate means, assist in special research, research planning, or research training projects conducted by or under the auspices of such groups where they can effectively carry out such activities contemplated by this joint resolution;

(7) encourage and support international communication in the sciences relating to health by means of calling or cooperating in the convening, and financing or contributing to the financing of the expenses of, international scientific meetings and conferences; and provide, or arrange for the provision of, translating and other services, and issue or finance publications, leading to a more effective dissemination of relevant scientific information with respect to research conducted in the United States or participating foreign countries.

(d) Programs of an operational nature excepted from assistance

The activities authorized in this section shall not extend to the support of public health, medical care, or other programs of an operational nature as contrasted with research and research training nor shall any of the grants authorized by this section include grants for the improvement or extension of public health administration in other countries except for necessary research and research training in the science of public health and public health administration.

(e) Consultants; advisory committees; compensation and travel expenses

The President is authorized, to the extent he deems it necessary to carry out the purposes of section 2101 of this title, to employ experts and consultants or organizations thereof, as authorized by section 3109 of title 5 and create a committee or committees to be composed entirely of persons who are citizens of the United States to advise him in the administration of this chapter, individuals so employed and members of committees shall be entitled to receive compensation at a rate to be fixed by the President, but not to exceed \$50 per diem, including travel time, and while away from their homes or regular places of business they may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5 for persons in the Government service employed intermittently.

(f) Delegation of authority; regulations

The President may delegate any authority vested in him by this section to the Secretary of Health, Education, and Welfare. The Secretary may from time to time issue such regulations as may be necessary to carry out any authority which is delegated to him under this section,
