

III (§ 1331 et seq.) of chapter 29 of Title 43, Public Lands. For complete classification of this Act to the Code, see Short Title note set out under section 1331 of Title 43 and Tables.

AMENDMENTS

2002—Subsec. (a). Pub. L. 107-295 inserted “or natural gas” after “oil”.

1996—Subsec. (a). Pub. L. 104-324, § 504(a), struck out at end “A deepwater port, licensed pursuant to the provisions of this chapter, may not be utilized—

“(1) for the loading and unloading of commodities or materials (other than oil) transported from the United States, other than materials to be used in the construction, maintenance, or operation of the high seas oil port, to be used as ship supplies, including bunkering for vessels utilizing the high seas oil port,

“(2) for the transshipment of commodities or materials, to the United States, other than oil,

“(3) except in cases where the Secretary otherwise by rule provides, for the transshipment of oil, destined for locations outside the United States.”

Subsec. (c)(7) to (10). Pub. L. 104-324, § 504(b), redesignated pars. (8) to (10) as (7) to (9), respectively, and struck out former par. (7) which read as follows: “he has received the opinions of the Federal Trade Commission and the Attorney General, pursuant to section 1506 of this title, as to whether issuance of the license would adversely affect competition, restrain trade, promote monopolization, or otherwise create a situation in contravention of the antitrust laws;”

Subsec. (e)(1). Pub. L. 104-324, § 504(c), substituted “In issuing a license for the ownership, construction, and operation of a deepwater port, the Secretary shall prescribe those conditions which the Secretary deems necessary to carry out the provisions and requirements of this chapter or which are otherwise required by any Federal department or agency pursuant to the terms of this chapter. To the extent practicable, conditions required to carry out the provisions and requirements of this chapter shall be addressed in license conditions rather than by regulation and, to the extent practicable, the license shall allow a deepwater port’s operating procedures to be stated in an operations manual, approved by the Coast Guard, in accordance with section 1509(a) of this title, rather than in detailed and specific license conditions or regulations; except that basic standards and conditions shall be addressed in regulations.” for “In issuing a license for the ownership, construction, and operation of a deepwater port, the Secretary shall prescribe any conditions which he deems necessary to carry out the provisions of this chapter, or which are otherwise required by any Federal department or agency pursuant to the terms of this chapter.”

Subsec. (e)(2). Pub. L. 104-324, § 504(d), substituted “his license” for “his application”.

Subsec. (f). Pub. L. 104-324, § 504(e), inserted heading and amended text generally. Prior to amendment, text read as follows: “The Secretary may amend, transfer, or reinstate a license issued under this chapter if the amendment, transfer, or reinstatement is consistent with the findings made at the time the license was issued.”

1990—Subsec. (c)(1). Pub. L. 101-380 substituted “section 2716 of this title” for “section 1517(l) of this title;”

1984—Subsec. (b). Pub. L. 98-419, § 2(b), substituted provisions authorizing the Secretary, on application, to issue a license for the ownership, construction, and operation of a deepwater port and, on petition of the licensee, to amend, transfer, or reinstate a license issued under this chapter for provisions which had authorized the Secretary, upon application and in accordance with the provisions of this chapter, to issue, transfer, amend, or renew a license for the ownership, construction, and operation of a deepwater port.

Subsec. (e)(1). Pub. L. 98-419, § 2(e), inserted provision that on petition of a licensee, the Secretary shall review any condition of a license issued under this chapter to determine if that condition is uniform, insofar as

practicable, with the conditions of other licenses issued under this chapter and is reasonable, and necessary to meet the objectives of this chapter, and that the Secretary shall amend or rescind any condition that is no longer necessary or otherwise required by any Federal department or agency under this chapter.

Subsec. (f). Pub. L. 98-419, § 2(c), substituted provisions authorizing the Secretary to amend, transfer, or reinstate a license issued under this chapter if the amendment, transfer, or reinstatement is consistent with the findings made at the time the license was issued for provisions which had authorized the Secretary to transfer such licenses if the Secretary determined that such transfer was in the public interest and that the transferee met the requirements of this chapter and the prerequisites to issuance under subsec. (c) of this section.

Subsec. (h). Pub. L. 98-419, § 2(d), substituted provision that a license issued under this chapter remain in effect unless suspended or revoked by the Secretary or until surrendered by the licensee for provisions which had limited the terms of licenses to not more than 20 years and which had granted each licensee a preferential right of renewal for not more than 10 years, subject to subsec. (c), upon such conditions and for such term as determined by the Secretary to be reasonable and appropriate.

EFFECTIVE DATE OF 1990 AMENDMENT

Amendment by Pub. L. 101-380 applicable to incidents occurring after Aug. 18, 1990, see section 1020 of Pub. L. 101-380, set out as an Effective Date note under section 2701 of this title.

TRANSFER OF FUNCTIONS

For transfer of authorities, functions, personnel, and assets of the Coast Guard, including the authorities and functions of the Secretary of Transportation relating thereto, to the Department of Homeland Security, and for treatment of related references, see sections 468(b), 551(d), 552(d), and 557 of Title 6, Domestic Security, and the Department of Homeland Security Reorganization Plan of November 25, 2002, as modified, set out as a note under section 542 of Title 6.

§ 1504. Procedure

(a) Regulations; issuance, amendment, or rescission; scope

The Secretary shall, as soon as practicable after January 3, 1975, and after consultation with other Federal agencies, issue regulations to carry out the purposes and provisions of this chapter in accordance with the provisions of section 553 of title 5, without regard to subsection (a) thereof. Such regulations shall pertain to, but need not be limited to, application, issuance, transfer, renewal, suspension, and termination of licenses. Such regulations shall provide for full consultation and cooperation with all other interested Federal agencies and departments and with any potentially affected coastal State, and for consideration of the views of any interested members of the general public. The Secretary is further authorized, consistent with the purposes and provisions of this chapter, to amend or rescind any such regulation.

(b) Additional regulations; criteria for site evaluation and preconstruction testing

The Secretary, in consultation with the Secretary of the Interior and the Administrator of the National Oceanic and Atmospheric Administration, shall, as soon as practicable after January 3, 1975, prescribe regulations relating to those activities involved in site evaluation and

preconstruction testing at potential deepwater port locations that may (1) adversely affect the environment; (2) interfere with authorized uses of the Outer Continental Shelf; or (3) pose a threat to human health and welfare. Such activity may thenceforth not be undertaken except in accordance with regulations prescribed pursuant to this subsection. Such regulations shall be consistent with the purposes of this chapter.

(c) Plans; submittal to Secretary of Transportation; publication in Federal Register; application contents; exemption

(1) Any person making an application under this chapter shall submit detailed plans to the Secretary. Within 21 days after the receipt of an application, the Secretary shall determine whether the application appears to contain all of the information required by paragraph (2) hereof. If the Secretary determines that such information appears to be contained in the application, the Secretary shall, no later than 5 days after making such a determination, publish notice of the application and a summary of the plans in the Federal Register. If the Secretary determines that all of the required information does not appear to be contained in the application, the Secretary shall notify the applicant and take no further action with respect to the application until such deficiencies have been remedied.

(2) Each application shall include such financial, technical, and other information as the Secretary deems necessary or appropriate. Such information shall include, but need not be limited to—

(A) the name, address, citizenship, telephone number, and the ownership interest in the applicant, of each person having any ownership interest in the applicant of greater than 3 per centum;

(B) to the extent feasible, the name, address, citizenship, and telephone number of any person with whom the applicant has made, or proposes to make, a significant contract for the construction or operation of the deepwater port and a copy of any such contract;

(C) the name, address, citizenship, and telephone number of each affiliate of the applicant and of any person required to be disclosed pursuant to subparagraphs (A) or (B) of this paragraph, together with a description of the manner in which such affiliate is associated with the applicant or any person required to be disclosed under subparagraph (A) or (B) of this paragraph;

(D) the proposed location and capacity of the deepwater port, including all components thereof;

(E) the type and design of all components of the deepwater port and any storage facilities associated with the deepwater port;

(F) with respect to construction in phases, a detailed description of each phase, including anticipated dates of completion for each of the specific components thereof;

(G) the location and capacity of existing and proposed storage facilities and pipelines which will store or transport oil transported through the deepwater port, to the extent known by the applicant or any person required to be dis-

closed pursuant to subparagraphs (A), (B), or (C) of this paragraph;

(H) with respect to any existing and proposed refineries which will receive oil transported through the deepwater port, the location and capacity of each such refinery and the anticipated volume of such oil to be refined by each such refinery, to the extent known by the applicant or any person required to be disclosed pursuant to subparagraphs (A), (B), or (C) of this paragraph;

(I) the financial and technical capabilities of the applicant to construct or operate the deepwater port;

(J) other qualifications of the applicant to hold a license under this chapter;

(K) a description of procedures to be used in constructing, operating, and maintaining the deepwater port, including systems of oil spill prevention, containment, and cleanup; and

(L) such other information as may be required by the Secretary to determine the environmental impact of the proposed deepwater port.

(3) Upon written request of any person subject to this subsection, the Secretary may make a determination in writing to exempt such person from any of the informational filing provisions enumerated in this subsection or the regulations implementing this section if the Secretary determines that such information is not necessary to facilitate the Secretary's determinations under section 1503 of this title and that such exemption will not limit public review and evaluation of the deepwater port project.

(d) Application area; publication in Federal Register; "application area" defined; submission of other applications; notice of intent and submission of completed applications; denial of pending application prior to consideration of other untimely applications

(1) At the time notice of an application is published pursuant to subsection (c) of this section, the Secretary shall publish a description in the Federal Register of an application area encompassing the deepwater port site proposed by such application and within which construction of the proposed deepwater port would eliminate, at the time such application was submitted, the need for any other deepwater port within that application area.

(2) As used in this section, "application area" means any reasonable geographical area within which a deepwater port may be constructed and operated. Such application area shall not exceed a circular zone, the center of which is the principal point of loading and unloading at the port, and the radius of which is the distance from such point to the high water mark of the nearest adjacent coastal State.

(3) The Secretary shall accompany such publication with a call for submission of any other applications for licenses for the ownership, construction, and operation of a deepwater port within the designated application area. Persons intending to file applications for such license shall submit a notice of intent to file an application with the Secretary not later than 60 days after the publication of notice pursuant to subsection (c) of this section and shall submit the

completed application no later than 90 days after publication of such notice. The Secretary shall publish notice of any such application received in accordance with subsection (c) of this section. No application for a license for the ownership, construction, and operation of a deepwater port within the designated application area for which a notice of intent to file was received after such 60-day period, or which is received after such 90-day period has elapsed, shall be considered until the application pending with respect to such application area have been denied pursuant to this chapter.

(4) This subsection shall not apply to deepwater ports for natural gas.

(e) Recommendations to Secretary of Transportation; application for all Federal authorizations; copies of application to Federal agencies and departments with jurisdiction; recommendation of approval or disapproval and of manner of amendment to comply with laws or regulations

(1) Not later than 30 days after January 3, 1975, the Secretary of the Interior, the Administrator of the Environmental Protection Agency, the Chief of Engineers of the United States Army Corps of Engineers, the Administrator of the National Oceanic and Atmospheric Administration, and the heads of any other Federal department or agencies having expertise concerning, or jurisdiction over, any aspect of the construction or operation of deepwater ports shall transmit to the Secretary written comments as to their expertise or statutory responsibilities pursuant to this chapter or any other Federal law.

(2) An application filed with the Secretary shall constitute an application for all Federal authorizations required for ownership, construction, and operation of a deepwater port. At the time notice of any application is published pursuant to subsection (c) of this section, the Secretary shall forward a copy of such application to those Federal agencies and departments with jurisdiction over any aspect of such ownership, construction, or operation for comment, review, or recommendation as to conditions and for such other action as may be required by law. Each agency or department involved shall review the application and, based upon legal considerations within its area of responsibility, recommend to the Secretary, the approval or disapproval of the application not later than 45 days after the last public hearing on a proposed license for a designated application area. In any case in which the agency or department recommends disapproval, it shall set forth in detail the manner in which the application does not comply with any law or regulation within its area of responsibility and shall notify the Secretary how the application may be amended so as to bring it into compliance with the law or regulation involved.

(f) NEPA compliance

For all applications, the Secretary, in cooperation with other involved Federal agencies and departments, shall comply with the National Environmental Policy Act of 1969 (42 U.S.C. 4332) [42 U.S.C. 4321 et seq.]. Such compliance shall fulfill the requirement of all Federal agencies in carrying out their responsibilities

under the National Environmental Policy Act of 1969 pursuant to this chapter.

(g) Public notice and hearings; evidentiary hearing in District of Columbia; decision of Secretary based on evidentiary record; consolidation of hearings

A license may be issued only after public notice and public hearings in accordance with this subsection. At least one such public hearing shall be held in each adjacent coastal State. Any interested person may present relevant material at any hearing. After hearings in each adjacent coastal State are concluded if the Secretary determines that there exists one or more specific and material factual issues which may be resolved by a formal evidentiary hearing, at least one adjudicatory hearing shall be held in accordance with the provisions of section 554 of title 5 in the District of Columbia. The record developed in any such adjudicatory hearing shall be basis for the Secretary's decision to approve or deny a license. Hearings held pursuant to this subsection shall be consolidated insofar as practicable with hearings held by other agencies. All public hearings on all applications for any designated application area shall be consolidated and shall be concluded not later than 240 days after notice of the initial application has been published pursuant to subsection (c) of this section.

(h) Nonrefundable application fee; processing costs; State fees; "land-based facilities directly related to a deepwater port facility" defined; fair market rental value, advance payment

(1) Each person applying for a license pursuant to this chapter shall remit to the Secretary at the time the application is filed a nonrefundable application fee established by regulation by the Secretary. In addition, an applicant shall also reimburse the United States and the appropriate adjacent coastal State for any additional costs incurred in processing an application.

(2) Notwithstanding any other provision of this chapter, and unless prohibited by law, an adjacent coastal State may fix reasonable fees for the use of a deepwater port facility, and such State and any other State in which land-based facilities directly related to a deepwater port facility are located may set reasonable fees for the use of such land-based facilities. Fees may be fixed under authority of this paragraph as compensation for any economic cost attributable to the construction and operation of such deepwater port and such land-based facilities, which cannot be recovered under other authority of such State or political subdivision thereof, including, but not limited to, ad valorem taxes, and for environmental and administrative costs attributable to the construction and operation of such deepwater port and such land-based facilities. Fees under this paragraph shall not exceed such economic, environmental, and administrative costs of such State. Such fees shall be subject to the approval of the Secretary. As used in this paragraph, the term "land-based facilities directly related to a deepwater port facility" means the onshore tank farm and pipelines connecting such tank farm to the deepwater port facility.

(3) A licensee shall pay annually in advance the fair market rental value (as determined by the Secretary of the Interior) of the subsoil and seabed of the Outer Continental Shelf of the United States to be utilized by the deepwater port, including the fair market rental value of the right-of-way necessary for the pipeline segment of the port located on such subsoil and seabed.

(i) Application approval; period for determination; priorities; criteria for determination of application best serving national interest

(1) The Secretary shall approve or deny any application for a designated application area submitted pursuant to this chapter not later than 90 days after the last public hearing on a proposed license for that area.

(2) In the event more than one application is submitted for an application area, the Secretary, unless one of the proposed deepwater ports clearly best serves the national interest, shall issue a license according to the following order of priorities:

(A) to an adjacent coastal State (or combination of States), any political subdivision thereof, or agency or instrumentality, including a wholly owned corporation of any such government;

(B) to a person who is neither (i) engaged in producing, refining, or marketing oil, nor (ii) an affiliate of any person who is engaged in producing, refining, or marketing oil or an affiliate of any such affiliate;

(C) to any other person.

(3) In determining whether any one proposed deepwater port clearly best serves the national interest, the Secretary shall consider the following factors:

(A) the degree to which the proposed deepwater ports affect the environment, as determined under criteria established pursuant to section 1505 of this title;

(B) any significant differences between anticipated completion dates for the proposed deepwater ports; and

(C) any differences in costs of construction and operation of the proposed deepwater ports, to the extent that such differential may significantly affect the ultimate cost of oil to the consumer.

(4) The Secretary shall approve or deny any application for a deepwater port for natural gas submitted pursuant to this chapter not later than 90 days after the last public hearing on a proposed license. Paragraphs (1), (2), and (3) of this subsection shall not apply to an application for a deepwater port for natural gas.

(Pub. L. 93-627, § 5, Jan. 3, 1975, 88 Stat. 2131; Pub. L. 98-419, § 2(f), Sept. 25, 1984, 98 Stat. 1607; Pub. L. 104-324, title V, § 505, Oct. 19, 1996, 110 Stat. 3927; Pub. L. 107-295, title I, § 106(c), (f), (g), Nov. 25, 2002, 116 Stat. 2086-2088.)

REFERENCES IN TEXT

The National Environmental Policy Act of 1969, referred to in subsec. (f), is Pub. L. 91-190, Jan. 1, 1970, 83 Stat. 852, as amended, which is classified generally to chapter 55 (§ 4321 et seq.) of Title 42, The Public Health and Welfare. For complete classification of this Act to the Code, see Short Title note set out under section 4321 of Title 42 and Tables.

AMENDMENTS

2002—Subsec. (d)(4). Pub. L. 107-295, § 106(c)(1), added par. (4).

Subsec. (f). Pub. L. 107-295, § 106(f), substituted “NEPA compliance” for “Environmental impact statement for single application area; criteria” in heading and amended text generally. Prior to amendment, text read as follows: “For all timely applications covering a single application area, the Secretary, in cooperation with other involved Federal agencies and departments, shall, pursuant to section 4332(2)(C) of title 42, prepare a single, detailed environmental impact statement, which shall fulfill the requirement of all Federal agencies in carrying out their responsibilities pursuant to this chapter to prepare an environmental impact statement. In preparing such statement the Secretary shall consider the criteria established under section 1505 of this title.”

Subsec. (h)(2). Pub. L. 107-295, § 106(g), inserted “and unless prohibited by law,” after “Notwithstanding any other provision of this chapter,”.

Subsec. (i)(4). Pub. L. 107-295, § 106(c)(2), added par. (4). 1996—Subsec. (c)(3). Pub. L. 104-324 added par. (3).

1984—Subsec. (g). Pub. L. 98-419 substituted “issued” for “issued, transferred, or renewed”.

REGULATIONS

Pub. L. 107-295, title I, § 106(e), Nov. 25, 2002, 116 Stat. 2087, provided that:

“(1) AGENCY AND DEPARTMENT EXPERTISE AND RESPONSIBILITIES.—Not later than 30 days after the date of the enactment of this Act [Nov. 25, 2002], the heads of Federal departments or agencies having expertise concerning, or jurisdiction over, any aspect of the construction or operation of deepwater ports for natural gas shall transmit to the Secretary of Transportation written comments as to such expertise or statutory responsibilities pursuant to the Deepwater Port Act of 1974 (33 U.S.C. 1501 et seq.) or any other Federal law.

“(2) INTERIM FINAL RULE.—The Secretary may issue an interim final rule as a temporary regulation implementing this section [amending this section and sections 1501 to 1503, 1507, and 1520 of this title] (including the amendments made by this section) as soon as practicable after the date of enactment of this section, without regard to the provisions of chapter 5 of title 5, United States Code.

“(3) FINAL RULES.—As soon as practicable after the date of the enactment of this Act, the Secretary of Transportation shall issue additional final rules that, in the discretion of the Secretary, are determined to be necessary under the Deepwater Port Act of 1974 (33 U.S.C. 1501 et seq.) for the application and issuance of licenses for a deepwater port for natural gas.”

§ 1505. Environmental review criteria

(a) Establishment; evaluation of proposed deepwater ports

The Secretary, in accordance with the recommendations of the Administrator of the Environmental Protection Agency and the Administrator of the National Oceanic and Atmospheric Administration and after consultation with any other Federal departments and agencies having jurisdiction over any aspect of the construction or operation of a deepwater port, shall establish, as soon as practicable after January 3, 1975, environmental review criteria consistent with the National Environmental Policy Act [42 U.S.C. 4321 et seq.]. Such criteria shall be used to evaluate a deepwater port as proposed in an application, including—

(1) the effect on the marine environment;

(2) the effect on oceanographic currents and wave patterns;

(3) the effect on alternate uses of the oceans and navigable waters, such as scientific study,
