DEFENSE OFFSETS DISCLOSURE

“SEC. 1241. SHORT TITLE.

“This subtitle may be cited as the ‘Defense Offsets Disclosure Act of 1999’.

“SEC. 1242. FINDINGS AND DECLARATION OF POLICY.

“(a) FINDINGS.—Congress makes the following findings:

“(1) A fair business environment is necessary to advance international trade, economic stability, and development worldwide, is beneficial for American workers and businesses, and is in the United States national interest.

“(2) In some cases, mandated offset requirements can cause economic distortions in international defense trade and undermine fairness and competitiveness, and may cause particular harm to small- and medium-sized businesses.”
“(3) The use of offsets may lead to increasing dependence on foreign suppliers for the production of United States weapons systems.

“(4) The offset demands required by some purchasing countries, including some close allies of the United States, equal or exceed the value of the base contract they are intended to offset, mitigating much of the potential economic benefit of the exports.

“(5) Offset demands often unduly distort the prices of defense contracts.

“(6) In some cases, United States contractors are required to provide indirect offsets which can negatively impact nondefense industrial sectors.

“(7) Unilateral efforts by the United States to prohibit offsets may be impractical in the current era of globalization and would severely hinder the competitiveness of the United States defense industry in the global market.

“(8) The development of global standards to manage and restrict demands for offsets would enhance United States efforts to mitigate the negative impact of offsets.

(b) Declaration of Policy.—It is the policy of the United States to monitor the use of offsets in international defense trade, to promote fairness in such trade, and to ensure that foreign participation in the production of United States weapons systems does not harm the economy of the United States.

SEC. 1243. Definitions.

“It is the sense of Congress that—

“(1) the Committee on Foreign Relations of the Senate; and

“(2) the Committee on International Relations of the House of Representatives.

“(G)–(8) The term ‘G-8’ means the group consisting of France, Germany, Japan, the United Kingdom, the United States, Canada, Italy, and Russia established to facilitate economic cooperation among the eight major economic powers.

“(3) Offset.—The term ‘offset’ means the entire range of industrial and commercial benefits provided to foreign governments as an inducement or condition to purchase military goods or services, including benefits such as coproduction, licensed production, subcontracting, technology transfer, in-country procurement, marketing and financial assistance, and joint ventures.

“(4) Transatlantic Economic Partnership.—The term ‘Transatlantic Economic Partnership’ means the joint commitment made by the United States and the European Union to reinforce their close relationship through an initiative involving the intensification and extension of multilateral and bilateral cooperation and common actions in the areas of trade and investment.

“(5) Wassenaar Arrangement.—The term ‘Wassenaar Arrangement’ means the multilateral export control regime in which the United States participates that seeks to promote transparency and responsibility with regard to transfers of conventional armaments and sensitive dual-use items.

“(6) World Trade Organization.—The term ‘World Trade Organization’ means the organization established pursuant to the WTO Agreement.

“(7) WTO Agreement.—The term ‘WTO Agreement’ means the Agreement Establishing the World Trade Organization entered into on April 15, 1994.

SEC. 1244. Sense of Congress.

“It is the sense of Congress that—

“(1) the executive branch should pursue efforts to address trade fairness by establishing reasonable, business-friendly standards for the use of offsets in international business transactions between the United States and its trading partners and competitors;

“(2) the Secretary of Defense, the Secretary of State, the Secretary of Commerce, and the United States Trade Representative, or their designees, should raise with other industrialized nations at every suitable venue the need for transparency and reasonable standards to govern the role of offsets in international defense trade;

“(3) the United States Government should enter into discussions regarding the establishment of multilateral standards for the use of offsets in international defense trade through the appropriate multilateral fora, including such organizations as the Transatlantic Economic Partnership, the Wassenaar Arrangement, the G-8, and the World Trade Organization; and

“(4) the United States Government, in entering into the discussions described in paragraph (3), should take into account the distortions produced by the provision of other benefits and subsidies, such as export financing, by various countries to support defense trade.

SEC. 1245. Reporting of Offset Agreements.

“(Amended section 2776 of title 22.)

SEC. 1246. Expanded Prohibition on Incentive Payments.

“(Amended section 2779a of title 22.)

“(2) United States Government funds shall not be used to finance offsets in security assistance transactions, except in accordance with policies and procedures that were in existence on March 1, 1992;
