The representative for the National Marine Fisheries Service shall be the Northwest regional director of the Service or his designee.

(2) The Commission shall have 6 nonvoting members, 5 of which shall be qualified individuals appointed by the Secretary. The sixth nonvoting member shall be the regional director of the United States Fish and Wildlife Service or his designee.

(3) For the purposes of this subsection, the term “qualified individual” means an individual who is knowledgeable with regard to the management, conservation, or harvesting of the salmon and steelhead resources of the conservation areas.

(c) Report by Commission

Within 15 months after the date of the establishment of the Commission, it shall prepare, and submit to the Secretary and Congress, a comprehensive report containing conclusions, comments, and recommendations for the development, of a management structure (including effective procedures, mechanisms, and institutional arrangements) for the effective coordination of research, enhancement, management, and enforcement policies for the salmon and steelhead resources of the Columbia River and Washington conservation areas, and for the resolution of disputes between management entities that are concerned with stocks of common interest. The principal objectives of, and the standards for, the management structure shall include, but not be limited to:

1. the development of common principles to govern and coordinate effectively management and enhancement activities;
2. the prevention of overfishing;
3. the use of the best scientific information available;
4. the consideration of, and allowance for, variations among, and contingencies in, fisheries and catches;
5. the promotion of harvest strategies and regulations which will encourage continued and increased investment by the salmon and steelhead producing jurisdictions;
6. the optimization of the use of resources for enforcement;
7. the consideration of harvest activities as they relate to existing and future international commitments;
8. the minimization of costs and the avoidance of unnecessary duplication; and
9. the harvest of fish by treaty tribes, in accordance with treaty rights, unless agreed otherwise by the affected treaty tribes.

(d) Unanimous vote required

No report or revision thereto may be submitted by the Commission to the Secretary for approval under this section unless the report or revision is approved by all of the voting members of the Commission.

(e) Secretarial action on report

Within 4 months after the date of the submission of the comprehensive report, or any revision thereto, under subsection (c) of this section, the Secretary, in consultation with the Secretary of the Interior, shall review the report and, if he finds that the management structure recommended in the report would, if implemented, meet the objectives and standards specified in this section and be consistent with this chapter, approve the report. If the Secretary, in consultation with the Secretary of the Interior, finds that such structure is not in conformity with the standards and objectives set forth in this section, the provisions of this chapter, or other applicable law, he shall return the report to the Commission together with a written statement of the reasons for not approving the
§ 3312. Eligibility for financial assistance under approved enhancement plans

Upon approval by the Secretary of the Commission’s report under section 3311 of this title, a State represented by a voting member of the Commission and any treaty tribe represented by a tribal coordinating body shall be eligible for financial assistance under subchapter III of this chapter if the State or treaty tribe enters into an agreement with the Secretary under which that State or treaty tribe obligates itself—

1. to implement and enforce the provisions of the report and revisions thereto, through laws, regulations, ordinances, or other appropriate means, within such geographical areas and with respect to such persons as may be subject to its jurisdiction and to the extent of its enforcement power; and

2. to engage in such coordination and consultation as may be necessary or appropriate to ensure, to the maximum extent practicable, that the report and revisions thereto are fully and effectively implemented.

§ 3313. Grants for reports and plans for coordinated research, enforcement, etc.

The Secretary, in consultation with the Secretary of the Interior, is authorized to establish a program to provide grants to prepare reports and plans provided for in this subchapter and subchapter III of this chapter in order to promote coordinated research enforcement, enhancement, and management of the salmon and steelhead resources within the Washington and Columbia River conservation areas consistent with the purpose of this chapter. Such grants shall be available for use by the State of Washington, the State of Oregon, appropriate tribal coordinating bodies, or any joint governmental entity established for undertaking research, or providing advice on or mechanisms for coordinating management or enforcement, or preparing the reports and plans described in this subchapter and subchapter III of this chapter.

§ 3314. Discontinuance of funding

If the Secretary finds that as of the close of the 18th month after secretarial approval of the Commission report under section 3311(e) of this title, the number of parties which have adopted and implemented the Commission’s management program in accordance with the provisions of this chapter and the report is insufficient to ensure that the management structure is effective and consistent with the standards and objectives in section 3311(c) of this title, he shall discontinue any further funding under this subchapter or subchapter III of this chapter.

§ 3315. Authorization of appropriations
